# The 30 Day Romance Novel Workbook: Write A Novel In A Month With The Plot-As-You-Write System (Write Smarter Not Harder)

## Synopsis

**A NEW APPROACH TO WRITING A NOVEL IN 30 DAYS** Write fast or write well? You don't have to choose when you've got a story blueprint that shows you how to write a romance novel with perfect structure in thirty steps. If you've ever tried to write a novel in a month, you know how much fun it can be when the words flow and how hard it can be to ignore the fear that your story is no good. What if you didn't have to worry about plot structure? What if you could be free to just focus on your characters when you sit down to write each day? The Plot-As-You-Write story blueprint breaks your novel into thirty manageable sections and asks you a series of character-focused questions that generate a solid plot structure every time. Combining three-act structure with a romance arc, character growth arcs for your couple, and elements of the Hero's Journey, this story blueprint is extremely flexible and has been successfully tested by both plotters and pantsers. Make novel writing fun again • try the Plot-As-You-Write story blueprint and finish your next novel in 30 days!

## Customer Reviews

As another review has said, this is not in any way specific to the romance novel. Note well: the romance genre is HIGHLY formulaic. Publishers look for novels that cling to that formula. The formula varies depending on what line you are writing for (or reading), and a book that supports that formula would be much more helpful. There is such a book (I think I still have in in electronic format)

and frankly a close adherence to that formula is essential for publishability. Depending on the line you are writing for you might, for example be expected to have a sex scene in chapter five (how explicit and how frank the language depends on the publisher and the line of novels). If your sex scene falls in chapter four or six...you are screwed. The rejection slip is on its way. If the line requires a break-up in chapter 24 and a reconciliation in chapter 26 you must adhere or no contract will follow. Without a specific outline and without a guide to help, you will be adrift. I am currently trying to find a hundred or so copies of the genre to augment that electronic guide. Without a firm grasp of the formula, you will simply not publish.

Had the book had a different title I would have given it 4 star. The exercises are good, but not romance specific. It's a so-so resource
