## Customer Reviews

I purchased all my my required law books and supplements in one shipment; this was added as a recommendation. I returned it unused because it is completely unnecessary as a law student and as a legal professional (according to two judges, all my law professors, personal judgment, and friends in the legal landscape). If you don't understand a term, or need clarification - use the internet, like a resourceful adult. I was caught in a book-buying frenzy, and this was an impulse buy through curiosity. No one uses this - we carry enough volumes of legal books every day of the week - this is an unnecessary brick of (free online) information.

This dictionary has met my expectations!! I bought this dictionary for my criminal justice class. Haven't used it but seems like it would be easy to find words and flip over the pages as the book is 8inx4.5in

GREAT SIZE! Slightly thick (608+ pages) but not heavy. Though font is quite small. Cover-aesthetically pleasing; leathery-feeling Overall, I like this dictionary! Would recommend!

The BEST law dictionary. More useful than Black's. I used this when I was in law school and recently gave a copy to a foreign lawyer trained in a civil law country and starting an LLM here. She's already found it useful.

A small but powerful Law Dictionary, a must have. So that you can have a better understanding, of what your lawyer is talking about.

I was truly pleased at how affordable this text was. Being a college student, textbooks tend to be excessively expensive- what a pleasant surprise when I purchased this one! The dictionary is thorough and easy to use.

If your not going to be a lawyer, this book is great to understand how law works.

excellent- everything i expected

Use this book all of the time to find legal terms. Received it in time and good shape. Thanks
