North Dakota Postcards 1900-1930 (The Postcard History Series)

Synopsis

From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this "golden age" can today be considered works of art. Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes, documenting local landmarks, and assembling crowds of local children only too happy to pose for a picture. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history. This fascinating new history of North Dakota showcases more than two hundred of the best vintage postcards available.

Customer Reviews

Collected and interpreted by Larry Aasen, the images in this informative volume provide readers with a visual journey back in time, bringing an important period of the area's history to life for visitors and members of the younger generation.

I enjoy the book and the picture postcards. There were some missing as far as I am concerned, but I guess Larry Aasen would need a 3 or 4 volume set if he included everything I think is significant. :-)
All in all, it is fun to look at the photos, and perhaps he will come out with "Volume No. 2"! It is a good buy for those of us who have a deep interest in North Dakota! Highly recommended, by
