Nathan Williams is the author of The Kinfolk Table and The Kinfolk Home and the editor in chief of Kinfolk, a quarterly magazine based in Copenhagen, Denmark. Founded in 2011, Kinfolk has become a leading lifestyle authority, delving deeply into home, work, style, and culture and connecting a global community of creative professionals from London to Tokyo.

Quite honestly most of the houses pictures looked the same to me. Same aesthetic. It would've been nice to see a little more variety than white walls, MCM inspired furniture, wood floors, with various neutral decor and a house plant. The photography however, was beautiful.

I own every issue of Kinfolk and both books, I'm also from Portland, OR so this is a local brand for me. This book has beautiful photography, as always. It mostly features homes that have children. Kinfolk Home is a good coffee table book, or to peek through for quick house inspiration, however I wish it were a little more timeless. A lot of homes pictured are minimalistic, but feature on-trend decor. Overall, great quality, concerned about how long it'll stay in my curated library.

Beautiful images and stories--more than just a "home decor" book, it strives to teach you how to make your home tell a story of your life.

The content and photography are wonderful. The print is so small that you need a magnifying glass and the quality of the printing is very poor. This could have been a stunning book. Would love to see it done over with high quality printing and more reasonable print size, even if it cost more.

Love this book!

Great book on time!

LOVE it:)

I bought this for my partner, she loved it.
