Customer Reviews

Let me start off by saying, I love Alexa Riley books. But lately, all I'm getting is a story that's 30% and then another of her books to fill the rest that I've already purchased. The story could have been expanded to so much more. Expand on the premise that's there and it could've been 100 pages and left me a little more satisfied. They get together once and all of a sudden I'm getting an epilogue of them in the future. The book is 99 cents and 115 pages and I do love the insta-love but I'm so bummed that I could have had more about this new couple rather than a getting an old book that I already paid for and while I love Curvy and the characters, I already know their story.

A couple of years ago, Coen saved Eden from being burned alive by her kidnapper. They didn't want to let each other go, but Coen knew it must be done. Eden has just turned 18 and is graduating from high school. She invites Coen to the ceremony and the party after. He doesn't want to go, but he feels a pull. Something in his gut is telling him that Eden is in trouble and needs his help. So he goes, but he never could've guessed what would happen next. Tempting is a sweet insta-love romance written in AR signature style.

Totally and completely addicting! All of Alexa Riley's books are addicting. I think Coen just made his way to the top of my favorite Alexa Riley book boyfriend list. (Yes, I have a separate book boyfriend list that's all AR books) The story was hot! Like, make me squirm and want to be taken hard and rough like my life depended on it hot! Phew, I need a Coen in my life! My favorite thing about it was the fact he was older than her. I'll have to say late twenties at most. Read this book like yesterday. Alexa Riley writes demanding alpha males and sassy heroines!

As always Alexa Riley doesn't disappoint with their newest story. Eden & Coen were both attracted from the start. I love that once Coen decided to stop fighting it that he claimed her. One thing I also really liked was that Eden was the one who fought for her man. She knew what she wanted and didn't stop until she had him. As in every book it's hot and steamy, and there's a wonderful instalove. The bonus is that there's another AR story at the end of the book. Love when I can get 2 books for the price of one!!!

Alexa Riley strikes again with a alpha man who knows what he wants and goes to get it. This isn't real life, folks, and this book makes not one single attempt to mimic it. It's short and sweet and positively overflowing with heat.

5 Stars HOT STARS!!! OK, First....I LOVE this author and everything she writes:) Second, this was ANOTHER quick, hot n sexy read with her tradition OTT Alpha in which I LOVED!!!! Third, I am excited that she will be coming out with a full novel because I am in love with all of these quickies that for me, they end way too soon, lol!!!! Oh and Fourth, the cover of this book is Over the Moon HOT:)

Well they lived up to their motto with this book, "quick, dirty, and over-the-top", and I loved every

minute of it!

Corn and Eden meet when he rescues her at sixteen. Some undefined connection happens between them. Even though they go their separate ways, they never forget each other. Two years later, it's on. Very sexy and intense.
