Customer Reviews

The author has a unique and clear writing style which breaks down this system into simple user friendly steps. Brilliance is achieved when a complex subject is simplified to become understandable.

Doesn't really say too much more than the other books say. I wouldn't recommend it.

Easy reading, concise and to the point. A step by step guide for you to manifest what you want in your life. Some of the principles I already knew from other books that I read, but this author takes it to the next level in a well organized step by step guide. I highly recommend this book to others.

Good book

This is Time consuming and complicated. I never needed to do all these steps to manifest this book is a waste of money. I think it's rushed and too much info is stuffed into the 86 pages.

Clear message ways to use.

I will have to come back to write a review when my desires get manifested. The steps make a lot of sense, btw.

Thanks Forbes Robbins Blair for existing. I enjoyed your book and helped me very much. Anna
