Thread Of Suspicion (The Justice Agency Book 4)

Synopsis

FALSELY ACCUSED! When someone sabotages former navy SEAL Luke Baldwin's "unhackable" software, there's more than his reputation at stake. Faced with treason charges, Luke turns to Dani Justice, a computer expert and skilled investigator. She's eager to dive into the challenging case until she uncovers a devastating connection. The hacker framing Luke has a personal, deadly history with Dani. Luke's code of honor and his growing feelings make him resolved to protect the sweet, strong woman he knows is more vulnerable than she'd admit. But what good is his training or determination against an enemy who can hack into any system and find them wherever they hide? The Justice Agency: Family and law enforcement go hand in hand

Customer Reviews

I am a tad disappointed in the 4th book of the Justice Agency series, Thread of Suspicion. The plot was suspenseful, and Ms. Sleeman's writing was what I have come to expect from her. But...Dani's attitude grated on me. I liked her so much better in NO Way Out. Maybe, I could relate better if I was

the youngest female in a closely bonded big family. Luke's issue with control was easier to take. I do hope all works out for them, though. I guessed the identity of the "Villain" much earlier than he was revealed and even guessed the motive. I was unable to do that in the other 3 books. I like being surprised so the ending was a bit of a letdown. What I could definitely relate to was the message of waiting on God's perfect timing. I so need to work on that as I am always jumping ahead of Him. Thread of Suspicion is still a good book that I can recommend. It is best to read the whole series in order, if possible. Now, on to Derrick's story--and sadly the end of an excellent series. I plan to read more of Ms. Sleeman's books.

Luke and Dani's story - super sweet. Lots of suspense and romance, very well written and grabs you right from the start. Didn't guess the ending either!!! Luke Baldwin is a former Navy Seal, Dani Justice is a super intelligent, very beautiful computer geek. And she is just what Luke needs both in his business and personally. Luke's being faced with treason charges and his computer program has been hacked! He stands to lose everything unless Dani can get to the bottom of things. Dani's partner at the FBI had been killed by Echo and he threatened to kill her if their paths crossed again. Now he's back and somehow mixed up what is happening to Luke. Can she clear Luke and avoid getting killed? Loved this story so much, this series just keeps getting better and better!!

Thread of Suspicion was extremely captivating. I only have limited time to read and I never wanted to put the book down. Susan does a remarkably good job of developing the characters. Their situations and responses to those situations are totally believable. The suspense is right to the edge -- you really want to see what happens next because you can't wait to see the heroine and hero win and overcome the situations around them. Absolutely loved the ending chapter which, although short wrapped a perfect bow around the entire story.

My only disappointment about this book is that I didn't read it immediately after reading the first three. Now that I've read it, I remember why I loved the first 3 and now I can't wait to read #5 in the series coming out next month. While I wait for the fifth one, I am considering re-reading the first three again. The Justice family is amazing! Sleeman does a great job of suspense with a little romance. I love this series!

Mrs. Sleeman writes amazing romantic suspense. I plan to purchase the entire series. The story of Luke and Dani was uplifting. The suspense was riveting.

This fourth book in The Justice Agency series is a great read. Dani and Luke have past hurts and fear to overcome. As they work together to stop a criminal God shows them that He is still a very present help in time of need. This is a story worth reading.

Enjoyed the story with the Justice Agency family to include mystery AND romance. Enjoy any of these stories - they are interrelated BUT they are stand alone also. Characters are well developed and mostly believable. I really, really, really like the emphasis on Christian morals throughout these stories.

Product and service were fine.
