For The Love Of Beard (The Dixie Warden Rejects MC Book 7)

Synopsis

Tobias knows that women are a lot of trouble, and one in particular is more trouble than most. Yet even with the knowledge that she's a pain in the ass, he doesn't stop himself from doing the one thing he knows that he shouldn't do - fall in love with her. It's supposed to be simple. Get in, get the girl, and get out. What Tobias isn't supposed to do is fall for the woman he's supposed to rescue. But he can't help being intrigued and amused by the defiance rolling off Audrey every time he so much as speaks to her. This fascination only intensifies with every single word from her delectable mouth.***It's been six years since her assault, yet it feels like it happened just yesterday. Audrey's sick and tired of feeling so useless. She's had enough of being scared, she doesn't want to be all alone for the rest of her life. All of that boils down to a woman who's had enough of not doing anything to reclaim her life. She's at a loss as to how to move on, and every attempt she makes results in failure. Just when she's ready to quit, a sexy biker is there to push her out of her comfort zone. Under Tobias's patient guidance, Audrey slowly makes her way back to herself. She lands a job that she adores, and she thinks she's finally found her place in this world. Most surprisingly, though, she finds herself falling in love with a man that honestly scares her to death. Just when she vows to take that final step that'll put her past in her past forever, the life she wants to live is yanked away. Leaving her with nothing to pick up the pieces.

Customer Reviews

There are some authors that can create worlds that make readers want to jump into the pages and live in them, and Lani Lynn Vale is one of those authors. The world of the Dixie Warden Rejects, and in truth the rest of her series is a vibrant world with colorful characters, danger, love, and laugh out loud moments. Audrey is such a sweet, but broken, character. Her past has shaped her in a way that she doesn't like and readers get to see her coming out of her shell and learning to live again. Tobias is totally an alpha male, but he is also very sensitive and caring when it counts. He will do anything to protect Audrey from danger, including danger to herself. Pushing and challenging her, and sometimes in the funniest and sexiest ways. He gets her to try new things and allows her to begin to act like she use to before the attack. They are totally in tune with each other, while at the same time pushing each other's buttons in hilarious and passionate ways. I have read all of Lani's books, and the one recurring theme that I really enjoy in them is how she is able to integrate some of her older characters into the newer storylines. In this story we get to reconnect with Nico and Georgia from her 11 - KPD Swat series. We also get to meet the next set of characters in her Hail Raisers series that will be getting release soon. All in all, another great story by Lani Lynn Vale that pulled me in and kept me engaged from the first page to the last. eARC through Enticing Journey Book Promotions

I loved Tobias and Audrey. Their story is a bit different than the some of the others, but don't worry, you won't be disappointed. Tobias has such a kind heart. He didn't want to have feeling for Audrey because she is Tunnel's sister and because she has been through terrible things in her past, but he does. He only wants what is best for her and doesn't want to push her too far into a relationship but as the story continues, his feelings grow. Will she feel that same way? Will he be to scared to ever try anything with her? Audrey is extremely strong. After what she went through, she is doing remarkable, even if she is still very nervous around men, but that is understandable. After finally having Tunnel back in her life, Audrey feels like life is finally going good again. When Tobias comes into her life, she feels comfortable around a man for the first time in forever, and that

scares her. She doesn't want to let her guard down but she knows that Tobias won't hurt her. Will she be able to let him in or will she end up pushing him away? One thing I love about Lani's books is that old characters make appearances. This just makes my heart happy. Overall, I really enjoyed this book.

It's a bit different than some of the others but I think the story is deeper. I think it can connect to the readers in a different way than the other books did.

Tobias has been crushing hard on Audrey since he was sent to protect her. The threat to her is gone but his interest in her has not waned. The one thing he knows is that she needs to break out of the shell she is hiding behind, he knows she was assaulted and she has made strides but he plans to push her a bit along the way. Audrey never thought she would be interested in a man again, but Tobias is growing on her. She feels safe with Tobias and the more time they spend with one another, Audrey realizes Tobias will let her set the pace with what is building between them. Can she find a happiness in a life that had been filled with ugliness. This may be my favorite in this series to far. I loved Tobias, he is gruff but at the same time so sweet where Audrey is concerned. I found his background story fascinating and hope that all the brothers get a story. Audrey is a spitfire and I appreciated she was just her, she didn't try to change who she was and when Tobias gets crabby does not back down. Wonderful read 5 bright stars.

I absolutely enjoyed reading this book. Tobias and Audrey meet in the previous book when Toby is tasked with bringing Audrey to her brother. After a rough number of years following a sexual assault, Audrey is barely living and is a shell of her former self. With the burgeoning friendship with Toby, it eventually leads to more. I loved Audrey and Toby together. They were the perfect balance for each other and really started out as friends who eventually fell for one another. Toby was able to help Audrey become less afraid and more comfortable around people. I loved their time away from their friends and family where they were able to be themselves. This book focused more on the love story of Tobias and Audrey, although there was the usual suspense and action involved too. If you've been wondering about this couple, then don't hesitate to read their story. Although this is a standalone, I would strongly suggest reading the book before this one, Beard Up, as this is when Audrey and Toby first meet and their story really begins.

Another page-turner in The Dixie Wardens Rejects series! Cute. Sweet. Match made in heaven. I absolutely ADORED Tobias & Audrey together. The way they helped heal one another, the

adventures they shared, the way they made love... Everything about them felt so right. The bad guy(s) part of the story was a bit predictable but that was totally a-okay. Both Tobias' & Audrey's demons NEEDED to be exorcised, whether they knew it or not. Thanks once again to the man with all of the connections, Ghost, for helping out in that department. LOVED the epilogue of this book. Such fun news for Tobias & Audrey! Looking forward to future Lani Lynn Vale books, especially the Hail Raisers series! I know they're not the main characters in the first book but Travis (one of Tobias' brothers) & Hannah cannot get their happily ever after soon enough!! :)
