Customer Reviews

Since 1937, Merriam-Webster is America's foremost publisher of language-related reference works. The company publishes a diverse array of print and electronic products, including Merriam-Webster's Collegiate[®] Dictionary, Eleventh Edition America's best-selling desk dictionary and Webster's Third New International Dictionary, Unabridged. Merriam-Webster can be considered the direct lexicographical heir of Noah Webster. In 1843, the company bought the rights to the 1841 edition of Webster's magnum opus, An American Dictionary of the English Language, Corrected and Enlarged. At the same time, they secured the rights to create revised editions of the work. Since that time, Merriam-Webster editors have carried forward Noah Webster's work, creating some of the most widely used and respected dictionaries and reference books in the world.

Very nice

It was a good book.

Great product, very detailed dictionary. Compared to an older version I had in possession, this exceeded the amount of information that was contained in the previous one. Great find.

My friend is a bi-lingual CSR for a company that manages cases between patients, providers, and insurance plans. I gave him this to help with his new job. He's been using it for several months, now. He said it's been invaluable in his position. It's easy to find the information he needs in either language. He likes it so much, he's told his co-workers and even non-spanish speakers have purchased and said it has helped them help their clients without having to transfer them to the bi-lingual staff.

Very helpful

It's a great book.

Great. Just what I wanted and quick. Only bummer was shipping cost...but. Hey it was convenient

So far I have been very happy with this book. To date, there has not been a single word that I need translated that is not found in it.!!
