## Customer Reviews

Nothing says "celebration" like the sound of champagne corks popping, and cocktails made with sparkling wine are the perfect libations at festive occasions. They're crisp, fresh, fizzy, and delicious. What could be better when you're celebrating a wedding, a birthday, the beginning of a new year, or just the end of a long week? In this beautiful little book, Kim Haasarud, the Liquid Chef, gives you 101 different stylish ways to celebrate with champagne and sparkling wine. You'll find recipes for all your bubbly favorites; Classic Champagne Cocktail, Bellini, Mimosa, and Kir Royale, to name just a few. But you'll also discover lots of creative contemporary cocktails that are sure to become the toast of the town. Liven up any celebration with a Limoncello Sparkle, Poinsettia Cocktail, or Sparkling Fruit Bath. For a summer cooler, try a cocktail made with sorbet, such as Hope Floats or Lady Temptation. And for a romantic evening, you can't go wrong with seductive cocktails like the Adam & Eve, Aphrodisia, and Passionate French 75. So pick up a bottle of bubbly and get out the cocktail shaker. With the sensational champagne cocktails in this book, celebrating has never been

easier&#151;or more fun.

This is another of the horrid "101" cocktail books by Haasarud and published by HMH. As with "101 Margaritas," fire the editors and shame on Houghton Mifflin Harcourt. Who on the planet would plan a book without a table of contents or index? This is worse than incompetence. To make matters worse, why is there NO discussion on the types of champagne or brands and the effects on the other flavors. Blame that one on the author. There are some nice recipes but you can find them only by sheer dumb luck. Save your dollars and use the net or find a better book.

If you one a one shot deal when it comes to champagne and wine cocktails this book is it. It is a compendium of cocktails made with bubbly all in one place, with over 100 recipes for fizzin' fun. I will definately be pulling out this book when the parties start rolling around. It will keep the guests on their toes and joyous all night long.

Books like these are fun but you have to be willing to try the different recipes otherwise its just for looks on a coffee table.
