Synopsis

"Lindsay Teague Moreno is one of the smartest, most insightful people I've ever met when it comes to getting noticed. I read this, not just because I wanted to endorse it, but because I needed it. Don't miss this!" - Jon Acuff, New York Times Bestselling Author / Speaker "Lindsay Teague Moreno's Getting Noticed is an inspiring read for anyone looking to be more intentional in social media and get real results. Her kind spirit combined with relentless hustle shines brightly in her candid storytelling, making it clear why she has achieved so much success." - Jessica Turner, Wall Street Journal Bestselling Author of The Fringe Hours Mompreneurs, listen up! You don't have time for another "change everything you're doing on social media and be just like me" book. You need information and you need it fast. Do you want to grow your following, sell more product, and experience the freedom that comes with being a lady boss? Getting Noticed isn't the "secret to social media" - it's a no fluff, take charge guide to the way we present ourselves, our business, and connect with customers online. Lindsey Teague Moreno knows the hardcore mom life. In between wash cycles, packing lunches, and balancing a to-do list that would make Santa jealous, she grew a business from nothing into a team of 300,000 people producing over \$15,000,000 each month in just three years. Lindsay knows you don't have time for another book that leaves you with temporary warm fuzzies but no real content to actually building your business. Getting noticed is the first step to entrepreneurial success in our fast-paced, online world. Step up your game.

Customer Reviews

This book gave me an excellent place to start working on the social media side of my business. I had hoped there would be a few specific examples of how she promoted her Young Living business since I struggle to find good leadership and training around me. However, her step by step generic approach was simple to understand, and I feel it can still be of great benefit to my business. The honest writing style was very inspirational.

This book is a no nonsense, no frill, and no fluff resource for women looking to propel and excel in their business. Short, strong, and to the point with excellent tangible tips you can apply RIGHT NOW to build your business and reach your target market. Forget the salad with dressing on the side, Lindsay cuts right to the meat and potatoes with this book! Quit wasting your time and ORDER THIS BOOK NOW if you are ready to put in the time and see your business grow.

This book changed the game for me. In comparison to others in my business, I am younger and maybe more savvy with social media/editing pictures/etc. I STILL HAVE SO MUCH TO LEARN. This book taught me that. My top three reasons why I loved the book. First off, it was an easy read! I felt that I was listening to Lindsay talk. Secondly, the book gave advice that made sense. I finished the book and had a place to start. Thirdly, I shared it with my dad who runs a successful business and he wants to get more social media involvement. So this book is not just for mom's- it is for anyone who wants to GET NOTICED :)I want to learn more from Lindsay and how she runs her business. When is her next book out?

Quick Read ~ Great information... I read this book in a day and it delivered as promised. It lays out how to get noticed on social media: How to post , what to post and what not to post. The author speaks in an authentic voice. You feel like you know here as you are reading the book. It was very helpful and gave me a lot to think about.

This book is exactly what it says it is: no-nonsense. With the amount of raw, honest, #realtalk jumping from the pages of this book, it's not surprising that I finished it in a day. And then reread it the next. And then went back and highlighted through it on the third day. And took notes on the fourth. Lindsay tells it like it is and motivates the reader to drop the excuses and to make it happen without the I-smile-too-much self-help best-selling-writer vibe. She's relatable, she's intelligent, she's well-spoken, and her voice shines through the text. Buy this book. It's way cheaper than personally hiring Lindsay to cheerlead next to your desk.

I absolutely loved this book!! The content was beautiful and right to the point. There was no guess work in what Lindsey was trying to convey!! I laughed so hard while reading the majority of this book. She is absolutely relatable to all the regular moms out there just trying to make a living and take care of their family!! I absolutely recommend this book to all working moms, stay at home moms and aspiring entrepreneurs!! This is probably one of the best books I have ever read. I literally read it in one day on my kindle phone app!! Seriously read it today and use everything she said and apply to your life!!

Lindsay's raw, hilarious and honest approach to her struggles and approach to building an online based network marketing business is and a great tool to inspire other entrepreneurs. Her plan and suggestions are completely workable and her writing style is fun and engaging.

If I could give this 20 stars I would!!! If there was a way I could anonymously review it 17 times to give it a million (or something close to that) I would! A FABULOUSLY written nugget of business advice!! I love how raw and witty and intelligent and "jamee i wrote this for you" that Lindsay writes! Totally on my level and just what I needed to read for the new year! Even if you aren't in the same biz as she is, EVERYONE can benefit from reading this!! I have the utmost respect for this girl and how she has created a team and business like no other and I just want to sit at her feet and say "teach me all your ways"!! I'm PRETTY certain her middle name is Yoda!! Loved this book! Buy it, read it, highlight the crap out of it, and then do it all over again!!
