Next Steps In Weaving: What You Never Knew You Needed To Know

Synopsis

There is a lot to learn about weaving! As a new weaver, you might wonder what the next steps are to grow your skills. *Next Steps in Weaving* has the answers you're looking for. In this beautiful book by Pattie Graver, former Managing Editor of *Handwoven* magazine, you'll explore a variety of weave structures and concepts in depth and detail including twill, color-and-weave, overshot, summer and winter, and lace. This is not just a book of weaving patterns. Each topic is explained and supplemented with instructions for weaving a sampler and a project in order to solidify the concepts and enable you to design your own projects. In addition, the book offers troubleshooting tips in order to expand your weaving expertise. Whether you're new to weaving, have the basics down, or are looking to improve your foundation skills, this book will be an asset to your weaving library. So what are you waiting for? Take the Next Steps in Weaving!

Customer Reviews

"Pattie is a weaver who lives her passion. She sees weaving as being part of the essence of who we are, an integral part of our history, as well as our present-day culture, and therefore in many ways a birth-rite to us all, and one that she can share with us if we wish to follow her into the world of weaving." --The Textile Blog

Pattie Graver, Salem, Oregon.

Just got this book, so haven't woven anything relevant from it yet-- I'm involved with another project

right now--- but the instructions seem very clear and much more detailed info than is usually given in weaving projects. Diagrams are very easy to read, pictures are clear and show what the weave really is supposed to look like. I look forward to sampling soon!

Well written book with good information and lots of really interesting projects. Great for beginners and experienced weavers.

Well written book & great for beginners. I bought one for myself and another weaver.

I expected more advanced techniques and tips to be included.

Honestly, you could use this as first steps in weaving! Very easy to follow and all the information on different weaves to keep you busy for a long time. There is a specific project for each new weave to make the learning more fun!

A wonderful book for either the beginner weaver or for us oldies that have been throwing a shuttle for years!!

Here again just what I needed and it has very nice directions.

A very well written book by a knowledgeable weaver. I have woven for many years but like to learn how other weavers approach various aspects of weaving.
