Topher Kearby quickly became one of my favorite poets after finding him on Instagram. Which I know for some doesn't speak much because the whole "Instagram poet" phase is running strong right now but trust me that is not the case with Topher or his writings. This book is nothing short of phenomenal and I personally have read through it a multitude of times. Sometimes I find myself scrolling through just to find a certain poem that I feel so relative to at that moment. I would highly recommend this book of poems as well as any of Topher's others to add to your library.

Topher is such a marvelous artist, through words AND color. He stays out of the lines of the typical

and invokes feelings that are not easily forgotten. You want to come back for more...more than just needing to because you simply cannot help yourself, you choose to time and time again. If you have found this beautiful artist it is no accident. Allow him to change your mind, to open your heart. Look inside the corners of this book...seek out his name. Let the rawness do something to you that you weren't expecting. Then pass it along to those around you and watch the world change just a little more

This is just the best art fusion ever! It truly has something for everyone...like poetry? Like art? Like poetry ON ART?! Well, if you answered yes to any of those questions this book is for you. It is filled with beautiful words that run the gamut of emotions, some make you think, others make you laugh, still others bring the tears (one made me want a cup of coffee, just sayin...). Topher's artwork has such a unique style, like color spilling outside the lines...they are just beautiful. It's just an all around visually stunning collection of things. You seriously won't be sorry you put this in your cart....seriously :D

I just discovered Topher Kearby a couple months ago and I've been hooked ever since. Watercolor Words makes you feel and think. Sometimes I feel like the words were written for me. His poems make me feel joy and pain all at once. I feel lucky to have someone be vulnerable enough to share such amazing poetry with us. I would recommend Watercolor Words to anyone looking for something that really speaks to your soul!

I never knew who Topher Kearby was until a friend of mine showed me one of his poems on Instagram. I started following him and became obsessed with reading his daily entries. I got this book soon as I saw it on his page and immediately began to read it. I never put it down. It keeps you captivated with the feelings you get with each poem. The realness of them all. I identified with many. Its such a beautiful read.

I absolutely loved this book!!! The poetry touched me in so many ways!! He truly reaches you with his words that are so relatable to each & every reader. The artwork is amazing!! Topher Kearby definitely has a great way with expressing his words! I highly recommend this book & his new book Magnificent Mess!!!Sincerely,Jennifer

A brilliant stringing together of words evoking emotion and touching both the light and the dark

places of ones soul. Topher's clever artwork makes me want to hold my breath while examining each line. I'm very much looking forward to more work from this talented writer/artist

Topher is an extraordinary poet! I was mesmerized by his poetry. I started listing the poems that I liked and soon realized they were too numerous to list! His conclusions were, at times, surprising and I suggest that's the cornerstone of a good writer. Congratulations to this poet and I look forward to his future writings. Sincerely, Vic Tomlinson
