The Forgotten War: A Pictorial History Of World War II In Alaska And Northwestern Canada, Vol. 1

Synopsis

From the introduction by the author: "In most combat theaters of the Second World War the combatants had to fight only each other. In Alaska and northwestern Canada, however, they also did battle with the weather, the wilderness and boredom. This remote territory was probably the war's least known and least publicized combat zone. Most of those who served there had never seen anything like it before, now would they ever want to see it again..... I have tried to tell the story of the war through pictures, supplemented by enough text to provide an overall view...."

Book Information

Paperback: 272 pages

Publisher: Pictorial Histories Publishing Co. (April 1981)

Language: English

ISBN-10: 0933126131

ISBN-13: 978-0933126138

Package Dimensions: 10.9 x 7.6 x 0.6 inches

Shipping Weight: 2 pounds

Average Customer Review: 4.5 out of 5 stars 18 customer reviews

Got this book for my dad; he worked for the crabbing industry on Dutch harbor about 30 years ago. This book, and others in this series, have great maps and photos of the same islands and old military installations that he stayed in, as well as a very detailed history of the combat on the islands. Very nice Coffee-table book for the anyone interested in alaskan or WWII history.

This book looks the part of WWII that took part on American soil, that's so often overlooked in history. In Alaska and the Aleutians the Japanese were actually stationed and fighting our soldiers on our soil. They had more plans to expand the war further into Alaska but the battle of Midway put a stop to it. This is great reading to learn the history few are aware of.

I anticipate that from past experience of reading the first addition it will be well recieved

very well done book on the war in Alaska

Interesting part of history that allot of Americans did not learn in school.

looking for photos of my step-father, found two.

Gave as gift...very interesting info

I enjoyed this book and author, it was interesting and well written. I would recommend it to anyone interested in World War II history.
