The Holy Spirit: Activating God's Power In Your Life

Synopsis

Leading evangelist Billy Graham has written an inspiring and thought-provoking work based on his personal quest to understand the most mysterious and difficult aspect of the Trinity. After a discussion with a noted Swiss theologian, Dr. Graham began a study of the Bible to see what is said about the Holy Spirit. As he progressed through his examination, he became concerned by the "misunderstanding and even ignorance in some Christian circles concerning the Third Person of the Trinity." The Holy Spirit was written with an eye towards clarifying any misconceptions. Using Biblical passages to illustrate his points, Dr. Graham helps the reader to understand the power of the Holy Spirit and His relevance in everyday life. Thorough, yet accessible, Billy Graham's The Holy Spirit is an intimate look at this cornerstone of faith. Jack Garrett's commanding narration will leave listeners with the sense of having a personal conversation with a learned friend.

Customer Reviews

It was a good book. I was expecting the author to stick to subject but there were many times the text was not about the Holy Spirit. I ended up skipping over those parts. There was a lot of useful information throughout the book and I have a better understanding of the Holy Spirit and His role in the trinity. It gave me things to think about and consider in my own faith journey. I kept seeking to find the answers I was looking for. We humans always want to know why, how, when..... and now. It's an instant gratification society. I think the biggest thing I came away with after reading this book is that some things need to be based on faith, and there is no mechanical-type answer.

ONE BOOK About fifteen years ago I read "Holy Spirit" upon the recommendation of a classmate, this was the most revealing and enlightening book I had ever read and it opened the door into my faith, simply and excitingly revealing the personality and power of one Christ described as "The Comforter". I loaned the book to a classmate, ending up giving him the book when he told me he wanted to share with his very special girlfriend. The book was so revealing, exciting, and inspiring I wanted to read it again and share it so I purchased another copy. This time it was even more wonderful. Its revaluations are simple, very straight forward and explained. I had trouble putting it down. Read it, and you will see why I say it will open your eyes, Believe me.

Each chapter is well composed and provides a great framework for understanding the work of the Holy Spirit in our lives. We used it for guiding discussions during our Care Group meetings and we all were blessed by it. Be prepared for a challenge in the last Chapter that just might change your life forever!

I have the greatest respect for this man and the true salvation plan he preaches on repentance and he tells us we must be born again and we must take up our cross daily. He touches on spiritual gifts and manifestations and how they do still happen today. He tells us the right way and the wrong way to use our gifts. I love that this preacher believes in the gift of tongues and other gifts. God bless this man and his ministry. I encourage everyone to read this book. 5 stars!!!

Even though Billy Graham wrote this in the early 70's. It is very relevant today. It's mind blowing how important the third person of the Trinity is. And He is just as important and involved in all things from creation through today as God and Jesus are. We all need to read this book.

This book gave me a much better understanding of how the Holy Spirit works. I would recommend to anyone who follows Jesus. I shared this with another member of my Bible Study Group. He enjoyed it so much that he bought copies for all 70 members of our class. I purchased enough to share with my prayer group.

As usual, Billy Graham's writings are point on and easy to understand. He is trustworthy and backs his teachings with scripture. I don't trust every author out there. It's an important subject to me. I have many of his books.

Really enjoyed it
