The Legal Environment Of Business

Synopsis

THE LEGAL ENVIRONMENT OF BUSINESS provides a practical introduction to the structure and function of the legal system from the perspective of the professional nonlawyer. While noting our legal heritage, there is a strong emphasis on the nuts and bolts of basic legal rules that most impact business today. This popular text effectively adapts a traditional case focus for the unique needs of business students. Incorporating clear and concise coverage of a wide range of up-to-date topics, the twelfth edition of this trusted text introduces key points of law through business-specific examples and realistic scenarios that students can appreciate. The authors' readable style complements their extensive knowledge of domestic and international business to make the text a favorite among instructors and students alike. To complement this edition, CourseMate and CengageNOW are available as online solutions to help engage and prepare students for this course.

Customer Reviews

Roger Meiners is the Goolsby-Rosenthal Chair in the College of Business at the University of Texas at Arlington, where he teaches Legal Environment of Business. Al Ringleb is Executive Director of the Consortium of Universities for International Studies, University of Iowa, Tippie College of Business. Frances L. Edwards is an Associate Professor of Legal Studies in the College of Business and Behavioral Studies at Clemson University.

I studied from this textbook for my course and wrote exams based on it. This was the first time I was

learning a Law based subject. The cases provided brought the theory and application to the forefront and made it easy to relate theory to practice. The first few chapters were very good in helping the reader understand the architecture of the US Courts of Justice, etc, and which courts have what kind of jurisdiction. This is one book that would be good to keep if one can afford the price. The pages are smooth and text is easy to read. Highly recommended.

Great

Was ok.

This book is falling apart. I can't open it without tape pieces falling off. I hope I am not held responsible for this when I turn this text book back in. I would like to return this and get a different copy but I can't figure out how to contact the seller

This textbook covers a lot of material. I have no basis for comparison but I felt the book did a great job of explaining things without much fluff. The cases included were relevant to the chapter and trimmed down to highlight the information that was really pertinent.

Very disappointed. Binding was completely coming off of the book.

Book binding is torn, almost up the whole book. Extremely disappointed in the quality of the book.

The spine of the book is coming off within the first month. Pretty disappointed to pay over \$100 for a book that is already coming apart.
