Coloring For Grown-Ups: The Adult Activity Book

Synopsis

Two veterans of offbeat Internet humor hilariously combine the mindless fun of children's coloring books with the mind-numbing realities of modern adult life. With over 200 comedy videos and 75 million Youtube views to their credit, Ryan Hunter and Taige Jensen know how to make people laugh. Their YouTube video, "Hipster Olympics" racked up nearly three million hits and quickly attained worldwide cult status, which led to opportunities to create original content for Comedy Central, MTV, College Humor, *the Huffington Post*, *The Onion* and *Slate*. Now, the duo put their prolific creative talents to work in *Coloring for Grown-Ups*. The artwork resembles that of a children's activity book, while actually offering an ironic look at the stereotypes, habits, and challenges of modern adulthood. *Coloring for Grown-Ups* includes more than 50 fun activities, such as: * 6 Steps for Compromising Your Integrity and Goals! * "Hipster or Homeless?" * Color the Potential Terrorists! * Draw the person you thought you'd grow up to be before you abandoned all your hopes and dreams! Darkly humorous--and fun for any occasion --*Coloring for Grown-Ups* is the perfect stocking stuffer for reluctant adults of any age.

I was looking around for some cool and different coloring books recently. long story short- I'm 22 years old and I use coloring as a therapudic activity and in place of meditation. I came across this book and was pleased to see the humor in it, as this is exactly my sense of humor!! I got this in the mail earlier today. super fast shipping! when I opened it and looked through all the pages, I almost s*** myself laughing! it's perfect!! I've colored 3 pages so far, laughing all the way! my only complaint is that the pages could be thicker, as they are semi flimsy and markers easily bleed through, but that's a minor problem. love it!!!

I bought this for my son. He has a great sense of humor (like his mom)! We passed this around (to the adults) and everyone laughed so hard, we could barely continue opening gifts! If you need a great gag gift, or just want to giggle, buy it!! I included colored pencils I may have to get one for me!

I bought this for my wealthy Uncle for Christmas. He's the kind of guy where if he need something he can just go out and get it. So I had no idea what to get him. When buying some coloring books for myself I happened upon this one. At the low price I thought sure why not?! I laughed hysterically and almost kept it for myself. But I bought a little pack of crayons and gave it to my Uncle as a gift. He loved it. Thought it was hilarious. I don't know if he has colored in it. I bet he wouldn't tell me if he was anyways. A great gag gift, great for anyone with a sense of humor and it's an adult conversation piece that's for sure. There are lots of pages and nothing is repeated, the drawings

aren't masterful but for this kind of book they shouldn't be. It is crude and that's what makes it great. Definitely not for kids so keep it hidden.

This book is irreverent, hilarious, and everything you want in politically incorrect humor. Highly recommend ;)

This book is amazing and hilarious. I have purchased at least 10 for my friends as presents. Every page will have you laughing. This is not an adult coloring book as in it is difficult to color but due to the sexual situations and adult content. I love the morning after coloring pages and the "Hipster or Homeless" worksheets!!

I bought this coloring book as a Christmas gift and it is hysterical. It doesn't have the complicated coloring pages that most adult coloring books have but it more than makes up for it. It showcases the sort awkward and comfortable situations that make up day to day life in a way that is instantly relatable and entertaining. This is a great gift for any young adult in your life but I would keep in mind that is intended for a mature audience. If it coloring books followed an ESRB rating this would definitely be rated A. All in all a good quality coloring book for anyone who views adulting with a sense of humor.

If you want a fun, inexpensive, slightly crass gift, this is the one. I got one for someone what is into those fancy new adult coloring books. This is NOT the kind she was used to getting, but everyone had a great time reading it.

Bought this as a friendly white elephant gift for a friend's house party. I had no idea how funny this book would be, but everyone loved it and I couldn't stop laughing!!It's a great, uber-humorous look at the many downsides of being an adult, crossing the lines (sometimes literally) on sexuality, style, social stigmas and more, all while keeping with the lil' kiddie coloring book style and theme.If you're easily offended, you should probably stay away, but 99% of adults, young and old, will get a huge kick out of this book! Every page delivers another gut-punch perspective on reality in a great, innocent and unassuming style.Works great as a gag gift to get the whole party laughing and just as fun to peruse on your own!Highly recommended!
