Life After Heaven: How My Time In Heaven Can Transform Your Life On Earth

Synopsis

After a deadly medical mistake sent a navy sailor to the presence of Jesus, he returned from his near-death experience with new eyes to see the kingdom of heaven in this life. Now he wants to help you experience heaven on earth today. For years Steve Musick kept his amazing story to himself, afraid no one would believe or understand it. A major allergic reaction had stopped his heart, hurling him into a five-week coma and a powerful experience of heaven. After returning to life, he couldn't forget the memory of that vibrant place and, most of all, the loving words and touch of Jesus. But that was only the beginning. An amazing series of miracles, dreams, and other supernatural events had been set in motion, showing Steve that heaven was close, even in this life. God was calling him to discover echoes of heaven in the here and now—echoes that can happen at any moment, to anyone—that bring overwhelming joy. At last Steve is ready to tell the story of his journey of a lifetime—two lifetimes. In it you'll learn the secret of bringing heaven to earth in your everyday world, and how to nurture a relationship with God so real and intimate that you'll feel his nearness as strongly as Steven did. Experience one man's incredible vision of heaven and learn how you can live in God's presence and power today.

Customer Reviews

"When my wife and I first met Steve Musick, we had a quiet hunch that this man had something in his life that put him in a rare category. We could not figure it out until he shared all of his story with us. He is a man of unusual depth, care, honesty, and relational

brilliance—qualities that I know come from what you will read about here. Having been invited to be his whole-life mentor, I trust his story in every detail. He relives his time with Jesus daily and shares it through every encounter he has with others. One caution: prepare for your own life to experience some welcome, needed change and growth as you encounter Jesus in these pages of deep truth and life-giving love.

—Wes Roberts, founder/master mentor, Leadership Design Group

“My dear friend Steve Musick is not an angel, but he is an ambassador sent back to us from Our Father which art in heaven, to show-and-tell us what we’ve been missing here in earth, as it is in heaven. Reading this book will give you a window to look through and a map to follow so you can experience your own moments in life when heaven touches earth.”

—Dennis Turner, founder and lead pastor of Christ Church, Wichita, Kansas

“As I read *Life After Heaven*, I happened to be mourning the loss of my dear father-in-law, Cowboy Ken, who joined his Savior in the coming world, a world described in gorgeous detail by Steven Musick. I found deep comfort in Steven’s eyewitness account as I imagined my loved ones experiencing the rich, saturated sensations and fathomless love and peace in heaven. But this book goes beyond just describing heaven. It encourages, energizes, and brings zest, power, and hope to us in the here and now. I find myself watching and waiting for bubbles of heaven, the beautiful closeness of the kingdom of heaven, to break through and change everything. This is a book of radical comfort and outrageous hope.”

—Lorilee Craker, New York Times, CBA, and ECPA best-selling author of *My Journey to Heaven with Marv Besteman and Anne of Green Gables, My Daughter, and Me*

“People like Steven Musick telling of visits to heaven always raise my Missouri-bred skepticism. But I remember Paul’s visit recounted in 2 Corinthians 12:1 or John’s visit in the Revelation and look to the results of the story. Musick’s is to make God’s presence all the more real here on earth. He tells powerful stories, bubbles of heaven, times when God’s love meets earth’s needs. There is much wisdom in the story: Poverty in God’s kingdom is tightly holding on to what you’re supposed to give away. The blandness of worldly living is overcome by the personal presence of God who is Emmanuel, promising, “Lo, I will be with you always.” Ponder prayerfully with Bible and heart open.

—Gerry Breshears, professor of systematic theology, Western Seminary, Portland

“I am fascinated with the stories of those who have experienced heaven, but I’m often left feeling disappointed after reading books of others’ experiences of heaven. *Life After Heaven* certainly did not disappoint! Steven R. Musick’s book left me

feeling satisfied and renewed. I can truly say it's the very best book I've read on this topic, and I've read quite a few!

•Lindsay Andrews, Blogging for Books reviewer
"I am personally more interested in life before death than life after, but Steve has done a marvelous job bridging the two. I found this book relevant and helpful."

•William Paul Young, author of The Shack
"Scrap what you know about to-heaven-and-back stories. At least if the ones you know are silly and saccharine. Steven's account of his time in 'That Place' is raw, credible, and profound. Most important, it will inspire you to draw closer to God and to fill earth with heaven's light."

STEVEN R. MUSICK is founder and CEO of Destiny Capital, a respected financial advisory firm. With three master's degrees in management, financial services, and international economics, Musick has taught at the University of Denver Daniels College of Business. Steve and his wife, Elaine, have three grown sons, three daughters by marriage, and three grandchildren. PAUL J. PASTOR is a writer, editor, and journalist who loves telling stories of God at work in our world.

I've read over 25 NDE books. Before "Life After Heaven", my favorites were Imagine Heaven, Proof of Heaven, and God and the Afterlife, in that order. Well, all I can say is that "Life After Heaven" is one of the greatest books I have ever read regardless of the subject matter. The writing is impeccable and what Steven Musick experienced in his life after 2 visits to Heaven will amaze and astound anyone who reads this book. I was brought to tears several times and don't wish to spoil all of the incredible events that happened in Steve's life. I am fortunate to live in Colorado where Steve and his family live. After reading this book, I have an overwhelming desire to immediately join the congregation of his church. If one could choose a best friend, it should be Steven Musick. I don't know him personally yet, but I'd cut off my arm to regard him as a friend, and that's no joke.

Steve is a long time friend, and his words in this book has blessed me very deeply. I recommend it very highly. I shared this book with a missionary friend who had served as a missionary in Guatemala for over 65 years. She has now returned to the US, and just celebrated her 90th BD. She wrote to tell me she thinks this book is one of the VERY BEST books she has ever read! I agree!

This seems to be a very credible account of one person's journey to heaven and back. But the real benefit of the book is not learning more of what heaven is like, but rather how we can experience more of heaven now. Musick instructs us, as one who "has been there", that we don't have to wait until we die to go to heaven, we can go now. That is, we can step into the reality of the kingdom of heaven where God is working and join him in his work. Musick's phrase for this is "bubbles of the kingdom heaven". We can have partial experiences of heaven now and be used of God in ways that go beyond our natural, unaided abilities. This is a learned ability that we get better and better at with practice. It is not seeking sensational experiences, but learning to recognize God in everyday, even mundane living and then volunteering to step out of our comfort zones and allow God to use us. As more and more followers of Jesus do this we will see our lives reflect the lifestyle of Christ and the early Christians, which in turn will transform our world as it transformed their world. The world is waiting for God's people to get this message and act on it in obedience.

It's obvious how God touched his life in a marvelously powerful way and brought healing to his spirit/soul. Well told & very inspirational. I highly recommend to the spiritually minded.

Not at all what I expected. Steven concentrates on the effect his "heaven experience" had on his life after, with many valuable lessons learned.

This book held me captive from the first chapter. I couldn't wait to keep reading to find his methods for finding Jesus in his earthly life. As a fellow Christian author, I've looked for the best way to bring Christ to others without feeling like I'm preaching. Steven does it in a way, using his personal experience that makes the reader yearn for what he has. I find myself now looking for 'bubbles from heaven'. God bless Steven Musick for sharing his story!

Not being able to put this book down for much longer than a night of sleep and work; eagerly, I'd jump back in to continue Steve's story! The beauty of this book is that it isn't just about Steve or his story and experience...it's about you! It's about me. Dive into the adventure filled recollection of Steve's journey and be caught up in an experience of your own! Perhaps this is just the beginning to you experiencing heaven on earth;)

Excellent and insightful, Heaven is closer to our earthly experience than thought; I am always mindful of "bubbles of heaven" in my daily life. Story of a faith-filled journey I could easily relate to.

Well written and I want to read it again and again!
