## Customer Reviews

I had previously used the

Four CDs!!! In the age of MP3 and MP4 this book still uses CDs!!! I had to use my very old laptop in order to convert all the audio files from Audio CD to MP3 in order to get them in my TABLET!!!!... CDs and Laptops are things of the past!!!Additionally; try to use the official answer test sheet so you can develop better speed in order to complete the test on time... you can get it for free in the official ETS-TOEIC web page (it is located in the handbook for the test.)Summary; an excellent book to practice for the TOEIC test! Very bad it still uses the OLD CD audio file system!!!

I teach Japanese students in Japan. I have used Barron products in the past and normally like them. However, with this particular product there were problems with one of the CDs, which would jump and skip. This might have something to do with the way they are packaged in the book. Also, all the test answer sheets are incorrectly numbered. Since I actually time the student using this book, she lost concentration and time when it was realized that the answer sheet was missing an answer number (105). The test material itself is good, but due to the problems with the CD and answer sheet, I will not recommend this product or possibly any other Barron products to my Japanese students in the future. I will look for other alternatives first.

Practice exams are very similar to the real exam, so whatever you score on the practice exams you will surely score on the real exam. I don't rate this book with five stars because I also had some problems with the audio CDs.

It's a good book for practice before the real exam. The book has six exams more difficult than the real.

The book is useful for international students like me. I can make more practice tests. The tone on the CD is very clear.

Everything ok

The book was delivered fast and in excellent conditions. It met my expectations. I would recommend it to whoever has to take a standardized test.

Very good, it is comprehensive, important, I could learn a lot, thanks TOEIC, this opportunity, I got satisfactory results. Thank you
