## Synopsis

The overwhelming response of readers to Lorna Byrne - regardless of religious beliefs - is that she gives them back hope, helping them to realise that no matter how alone they might feel they have a Guardian angel by their side. Lorna Byrne sees and talks with angels every day and has done since she was a baby. She sees them as clearly as the rest of us see rocks and stones and trees. In *Stairways to Heaven* Lorna tells true-life stories about the ways that angels help us. She describes how they helped her pull her own life together after her husband died and how she has seen them help other people - particularly those who are unhappy, ill or in danger. Written from direct, personal experience, never has a book contained such an extraordinary, vivid and convincing account of how angels work in the world. This new edition includes advice from Lorna on how to discover your guardian angel's name and hear what your guardian angel is telling you.

What is particularly refreshing about this book, as well as Lorna's first book (*Angels in my Hair*) is that there is no set of rigid beliefs that the reader must subscribe to. There is no belief system, or set of ideas required. This is really freeing and liberating, as you can take each chapter and facet of Lorna's story and really enjoy it. I love reading Lorna's story, and I felt that each time I got a chance to read this book; I was giving myself a little gift. I loved hearing about how the Angels communicate to Lorna, and how they work out challenges and issues in a spiritual dimension. Lorna has access to that dimension, and it is fascinating to read about her part in it. Thank you Lorna, I loved reading about the Angels! The book represents to me, a valuable and a very beautiful paradigm that perhaps we can begin to grow towards together as a people who can be united despite their differences. Thanks to Lorna and the Angels!

I love Lorna Byrnes, (*Stairways to heaven*, Now includes the secrets of your Guardian Angel). By reading Guardian Angel chapter I love my Guardian Angel more, knowing my Guardian angel cares about me, when you are on your own, you are never left alone, you always have the presence of your Guardian Angel love around you. I highly recommend to you this book, is wonderful to read, I love learning about Lorna Byrnes' & her family, and the Angels, in *Stairways to heaven*. Our Guardian Angel is a gift from God, to help us in our life, they love us to talk with them, & ask our Guardian Angel for assistance, only our Guardian Angel can bring other Teacher, Unemployed Angels in to help them, help us, Our Guardian Angel are the boss. I liked reading this chapter about Secrets of your Guardian Angel Lorna brings chapter alive with stories, she's experienced with others. Cheers Lorna Byrnes, new book, why isn't it in future, made compulsory in schools, part of the school curriculum, & in all libraries worldwide, I feel every1 should get to know & learn about their Guardian Angel. The world will be a better place for it. Cheers Every1, for reading message, this book is a must have. You can use this Guardian Angel prayer, children in Ireland & elsewhere

learn. Lorna Byrnes doesn't consider this a prayer for her Guardian Angel, just asking for their help. Lorna Byrnes says though talk to you Guardian Angel as a friend : )Angel of God,My guardian dear,To whom God's love commits me here,Ever this day,Be at my sideTo light & guard,To Rule & guide.

I chose this rating, because this book and "Angels In My Hair" have had a profound impact on my life. Lorna's writing is simple, honest, and resonates on the soul level. What I have read in her books confirmed what I already felt in my heart to be true. It also gave visual images to me, expanded my awareness, and deepened my already strong spiritual awareness and connection to the angels, my soul, and God. I would recommend reading first Angels In My Hair and then this book (because this book picks up the story of Lorna's life where Angels In My Hair left off) to anyone who believes in God, to anyone who has doubts, and/or to anyone who does not believe, because there is a ring of truth that cannot be denied. I am anxiously awaiting Lorna's next book due out this month.

This is a wonderful book to be enjoyed by every member of your family! If one wasn't sure Angels were real, you will certainly be surprised that they are constantly watching over you and actually begging for you to begin talking to them. Do it because it works!! I loved the book

Very eyeopening regarding our angels and how we don't bother to recognize that they are right by our side.

Byrne's work reprises her life in depth; we are given deeper material than she allowed in Angels in My Hair. As well there is the sense of running a "group engram" -- the first time I have seen such a successful description outside of Dianetic therapy...and there are anecdotes worthy of advanced Buddhism and mystical Christianity, of the highest attainments of "Right Ecstasy," in some of her celestial, heavenly descriptions. The language is not that of Britannica or Dickens, yet perhaps more resembles the attempts of medieval mystics Hildegard, Elizabeth of Schonau, Julia of Norwich and Teresa Avila. It would be interesting if Byrne could equate or relate the various angels she sees, with the nine angelic choirs of classical Catholicism, and describe, if any, her encounters with Saints of her own church, like Patrick, Brendan, Joan of Arc and Brigit -- Mother Cabrini and Mary MacKillop...

Lorna's been very blessed (rough at times) life. I'm so glad she shares with the readers how to

communicate to our angles. The prayers I've read in this book are wonderful!

Lorna does it again and again. Love it.
