Accidental Love (Accidental Crush Series Book 2)

Synopsis

What happens AFTER the one night that changes everything? The night that turns your world upside down? The night that changes your secret crush into your boyfriend? Todd Hamilton is one of the most popular juniors in school, he's a star athlete, lead singer of a band, and now he is Ashley Taylor's boyfriend. She has known him her entire life, since he is best friends with her older brother, but she never really knew him. He is Gorgeous. Incredible. Perfect. But what happens when you get everything you thought you wanted? Can their relationship handle long distance this summer while Todd is away at football camp and Ashley is lifeguarding at the pool where an intriguing new boy is ready to take Todd's place? Enter Casey - he's rich, charming, and always gets what he wants. Ashley quickly learns there is an intense history of hatred between Todd and Casey and she is determined to find out why. A secret brought Ashley and Todd together. Will a new secret tear them apart? This book picks up where *Accidental Crush* left off. It can be read as Book 2 in the series or as a stand-alone novel.

Customer Reviews

I've been waiting for this book to come out for what seems like forever. Ashley & Todd are so cute together. This book doesn't disappoint exactly, but there were a few times that I just wanted to smack some sense into both of them, Ashley more so than Todd though. In the end love conquers all, so it's all good. All the usual suspects are back, yes, even RTS. I know you are probably groaning right now, but without giving anything away, I can absolutely guarantee that in the end you will be happy, and in some cases, like me, jumping for joy about that. Just trust me on this. I almost gave it a 5 star for that alone. I would really love to see more of Ashley & Todd through the remainder of high school & college, but only if I get my happily ever after. They are young, but it can happen.

I quickly fell in love with this series. The first book *Accidental Crush* grabbed my attention from the very beginning and I couldn't wait to read this book. Love the characters, flaws and all! I finished them both very quickly and am practically salivating waiting for the third book!

I truly loved this story. I love the storyline and all the characters. I can't stop reading it until I finished the story. It is a great love story. Highly recommended.

This book and the first in this series is very age appropriate and written to hold the reader's interest making it hard to put down. The perfect read for ``tweens`` and teenagers.

Such an easy fun read! The author does a great job creating the characters. I loved it! I hope she writes another one! *Accidental Love* *Accidental Love*

Great easy quick read!

HOLY page turner!! I'm a fan of book 1 so I was excited to read *Accidental Love* but was expecting much of the same perfect love story between Todd and Ashley. While I got a lot of that in the beginning of this new book, it takes a serious turn for page turning drama once Todd leaves for football camp. The love triangle constructed between Todd, Ashley, and the new guy is juicy and at times I didn't know which guy I was rooting for. If you're looking for a love story page turner this is your read! I loved it. Since this is a second book in the series, I would say it's helpful to read *Accidental Crush*, just for back story on Todd and Ashley and to get familiar with characters that get re-introduced in *Accidental Love*, BUT I think you can still fully understand what's happening without

reading the first book. I thought the author did a good job reminding the reader who characters are from book 1 without going into too much back story overlap.

First of all, I love the cover! It is so cute and sweet! Just like this book, until close to the end...Ashley and Todd are an adorable couple. I love seeing their relationship grow. It's nostalgic. This book is very sweet and romantic. Todd is the caring boyfriend and Ashley is the quintessential high school girlfriend. She's insecure and jumps to conclusions, but Todd is always one step ahead of her, reassuring. This book is more focused on Ashley's life than the first book, which seemed to be more focused on her brother, Ryan, and his friends and girlfriend seen through Ashley's eyes. Towards the end of the book, relationship drama occurs. There are misunderstandings, vindictive past-whatever, and new challenges presented. Ashley and Todd are tested in a heartbreaking way.
