The Worst-Case Scenario Survival Handbook: Middle School

Synopsis

Homework, hormones, heartache...middle school has no shortage of perils. Never fear, the authors of the best-selling Worst-Case Scenario series return with a survival guide for those who are facing or just about to face this big transitional time in school and life. The handbook is packed with funny-but-useful tips for the trickiest situations that crop up in middle school, like taking charge of a too-busy homework schedule, dealing with a cold shoulder from a friend who has suddenly become just too cool, avoiding common e-mail and cell phone disasters, and more.

Customer Reviews

This book was good but not totally current in regards to current technology. All in all bits and pieces are good take always.

My 7th grade son loves this book and won't let me read it (but of course I did). It has fun and informative text written in the worst case scenario style with pictures as well. He said it really has helped him cope with situations at school. Thankful to find a good book we BOTH like!

This is a really great book full of helpful and needed information. My daughter loves it. She is so worried about starting middle school and this just helps ease her anxiety a little bit.

It was like "LIKE OMG THIS IS TOTALLY KOOL WITH A K" Ugh so annoying. But overall I liked the tips they gave me.

Daughter had to have this book for her summer reading log for school. She said the book was a very good read. It suppose to be slightly used but it looked like it was brand new. Overall satisfied.

This is a humorous book to help introduce new 6th grade students to life in middle school. It can be read aloud in a few weeks. It's a great conversation starter and helps students open up with questions about starting middle school.

I loved this it was so informational You totally need to read it if you are heading to middle school

I had to read it for summer reading it was amazing love it so much !

• love love love
