Customer Reviews

When this book came out for review, I snapped it up right away. I also bought an extra copy because I knew from reviewing this ZonderKidz series in the past that it was going to be a good one, and I wanted to be sure both of my smallest children had their own. The Christmas Celebration Sticker and Activity Book didn't disappoint. It's a fun gift you'll want to put into little hands this Christmas season, and perfect for the weeks leading up to Christmas and for entertaining children during holiday services. The same sort of happy, simple pictures your children have come to appreciate in the other books is in this one as well. It features activities such as "helping" the shepherds find the Baby Jesus, find the difference, colouring and place the sticker where it belongs games. It's 16 pages long and super-glossy. It's definitely a religious book for tots. You won't find Christmas trees or Santa or anything like that. Doctrinally, I don't know of any female angels, but I can't say there aren't any God didn't bother to tell us about. I also seriously doubt Mary was eating

Swiss cheese at the time the angel came to call on her, but ok. (When it comes to Bible stuff, I get a little more picky. Sorry.) I got this book for free from BookLook bloggers, but I was not required to write a positive review

I love this one. It seems to be much more historically accurate than others. It has lots of stickers, and great activities. My two- and four- year-olds love them, but they also have a lot of activities for older kids who are learning to read. The stickers can be stuck on a page and then peeled off and stuck somewhere else, at least one maybe more.

Wonderful Christmas story and sticker book for younger children. I handed these out to the children of our church last week during the Young Disciple's Time in worship.

I like this and my son had fun with the stickers but some of the stickers do not match.

Grandson loved

“Baby Jesus grew up and became a kid just like you! Follow the numbers to color in the picture,” states Zonderkidz children’s book, *A Christmas Celebration Sticker & Activity Book*. Part of the *Beginner’s Bible* series, this sixteen-page oversized paperback targets four-to-eight-year-olds or preschoolers to third graders. With no scary scenes, it is about the birth of Jesus Christ while being entertained creatively. Containing some complicated wording, it would be best read out loud to beginner readers. The full-color, full-page illustrations and activities are easy to decipher and follow the storyline. Explaining Mary being pregnant before marriage, Joseph and Mary going to Jerusalem, and Jesus being born, also added are the shepherds, wise men, and Anna praising God. Including over fifty reusable stickers placed on two pages at the center of the book, the activities are finding items, shapes, and words, as well as following mazes, finding differences, counting objects, deciphering secret messages, connecting the dots, solving puzzles, tracing letters, and coloring pictures. Why? Most children love stickers and doing activities in books. This is a perfect solution for those rainy or snowy days inside or during quiet time. I found the storyline followed Scripture adequately with the most of the projects being a broad range for the age group written. It is ideal for the Christmas season. Why Not? The book glosses over Mary being a virgin by stating she is not married yet pregnant. However, this may be acceptable to some trying to avoid the topic of sex to young ones. Who

I have been really enjoying the Sticker and Activity books from The Beginner's Bible, so I was excited when I was that they had a Christmas one available titled: The Beginner's Bible A Christmas Celebration Sticker and Activity Book.As with the other books in this series, I like the colorful, modern illustrations. I also found this book to be colorful and something I would have enjoyed when I was younger. I think this could make a great activity book for car rides over the holidays.This book has a variety of activities including spot the differences, color the animals, color by number, and key codes. The Christmas story is also mixed in through the activity pages.I think this is a great addition to The Beginner's Bible Sticker and Activity book series.*I received a free copy of this product to facilitate this post, however you, my readers, come first and all opinions are my own.

"The Beginner's Bible: A Christmas Celebration Sticker & Activity Book" has more than 50 reusable stickers and a lot of different types of activities. Included are hidden pictures, mazes, word searches, coloring, dot to dot, and more. The book starts with Mary's visit from the angel, follows Mary and Joseph to Bethlehem, the shepherds' visit, Jesus' dedication at the temple, and ends with the Wise Men coming. The pictures are very bright and colorful and fill the pages. I really liked that they show the Wise Men being there when Jesus was a toddler which is true to the Bible and not having them come to the manger. The variety of activities is very nice. The stickers are a little thin and rip easily if you aren't careful.I was given a free copy of this book in exchange for my honest review. All thoughts and opinions are my own and no other compensation was received.
