I really want an pressure cooker because I have a restrictive diet and this would help so much. This book gives you breakfast, lunch and dinner ideas and also explains the maintenance and basic function of an electric pressure cooker. I have used various slow cookers and pressure cookers over the years but I bought this book to learn the concepts of cooking with this pot.

This is a great cookbook on The Ultimate Cuisinart Electric Pressure Cooker. All of the things, tips and recipes that I need to know about Pressure Cooking are already included and well written inside. Betty Moore has done an incredible awesome job in compiling and creating this book. All the recipes are very healthy, delicious and easy to prepare. This book is really a great resource for those who want to learn more about Pressure Cooking. The book is worthy of attention! I highly recommend this book to all.

If you are an owner of Cuisinart pressure cooker and searching for a helpful cookbook to learn some cooking recipes, this is the book for you. Recently I was searching for a cookbook for the same reason and my sister highly suggested me about this book. After hearing from her I did not wait or feel hesitate to grab this book. Here I found a lot of great recipe, some of them I've tried, and I can not wait to try the other. Sincere recommendation!

This is the best cookbook for pressure cookers. I love it. This is the second time I have ordered it. I gave it as a gift. This is my go to book. The recipes work. It is a fantastic book. Well written. Can't wait to try out the recipes. Have already made chicken vegetable soup which is a take-off on one of the recipes.

Directions are great--just what I needed to start really using my pressure cooker more.

A little disappointed in the recipes.
