Intervention In The Caribbean: The Dominican Crisis Of 1965 (Agricultural History And Rural)

Synopsis

The 1965 U.S. intervention in the Dominican Republic remains a unique event: the only time the Organization of American States has intervened with force on a member state's territory. It is also a classic example of a U.S. military operation that drew in America's hemispheric allies. Finally, its outcome was that rare feat in the annals of diplomacy—a peaceful political settlement of a civil war. Here for the first time is the full story of that action, as told by one of its leading participants. General Palmer was the U.S. Army's operations chief in Washington in April 1965 when the Dominican crisis broke, and was placed in command of U.S. forces deployed to the Republic. His perspective thus reflects both the perceptions of Washington officials and those of the U.S. commander on the scene. Palmer's instructions from President Johnson were to prevent another Cuba. Although the intervention remains controversial today, especially with Latin Americans, it was successful both politically and militarily, bringing unprecedented stability to the long-troubled Dominican Republic. The lesson Palmer draws is that success in such a venture comes only when political and military actions are orchestrated toward a common political goal. Palmer concludes with an assessment of the current situation in the broader Caribbean area, including a comparison of the 1965 Dominican and 1983 Grenadian interventions, and an analysis of the situation in Panama with its implications for the Canal Treaty. His book is a timely contribution to the history of the Caribbean that enlarges our understanding of this region's vital importance to the United States.

Book Information

Series: Agricultural History and Rural

Hardcover: 256 pages

Publisher: University Press of Kentucky; First Edition edition (December 4, 1989)

Language: English

ISBN-10: 0813116910

Product Dimensions: 5.5 x 0.8 x 8.5 inches

Shipping Weight: 14.4 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 3 customer reviews

Best Sellers Rank: #1,995,258 in Books (See Top 100 in Books) #72 in [Books > History > Americas > Caribbean & West Indies > Dominican Republic](#) #1601 in [Books > Textbooks > Humanities > History > Latin America](#) #1968 in [Books > Politics & Social Sciences > Politics & Government > International & World Politics > Caribbean & Latin American](#)

Customer Reviews

"Never before has a senior war planner and commander, on-the-scene, written a more candid or compelling account of crisis intervention." — Benjamin F. Schemmer, *Armed Forces Journal International*

"As the Pentagon places renewed emphasis on joint contingency operations, U.S. officers should study Palmer's experience and his arguments carefully." — *Military Review*

"An absorbing, vividly written account of a fascinating chapter in U.S.-Latin American relations." — L. James Binder, Editor, *Army*

"Candid and insightful. . . . Relevant, powerful, and highly influential, this is a must for concerned decision-makers and students alike." — Douglas Kinnard, former Chief of Military history, U.S. Army

"General Palmer's narrative is a vital perception of the events and the policy of this critical event." — Col. Michael D. Krause, Acting Chief of Military History, U.S. Army

The 1965 U.S. intervention in the Dominican Republic remains a unique event: the only time the Organization of American States has intervened with force on a member state's territory. It is also a classic example of a U.S. military operation that drew in America's hemispheric allies. Finally, its outcome was that rare feat in the annals of diplomacy--a peaceful political settlement of a civil war.

This '65- '66 US intervention was probably planned a couple years before international-populist J. Bosch won the '63 elections and a military coup followed--The USA knew the pro-Washington military had weak popular support as was divided. . . . As for 'Proofs of, '39 or so communists being on the Island' !! Is that any ethical reason for the 'free world' to wipe out - repress a few thousand lives there, mostly civilians. ? Anyway there is deeper reality as this started as civil strife- political-and ECONOMIC and the USA was not going to allow the populist influence spreading. then even into the Military around nationalist Col. Caamaño, et al, be any example to other Latin countries, etc. Caamaño's guerillas only organized & became pro-Cuban a few years AFTER the US takeover, and its installing of the puppet Balaguer's despotic regime.

Great read for military historians about a little known event.

Written by the commander, this book contains interesting insights into one of the "hot" conflicts of the Cold War, which very few people in the U.S. even remember today. It makes an excellent companion to the Leavenworth Paper on the same subject.
