## Customer Reviews

Good for us dealing with cancer

Read this book in one day, couldn't stop reading. Michael writes about his wife, Candy, with such love, respect, and affection. He tells her story of battling lung cancer with grace and courage. Candy is an ordinary woman facing the unthinkable, and this makes her extraordinary throughout her journey. She becomes a person we all hope we would become if diagnosed with cancer. The book is inspiring and informative for anyone diagnosed with cancer, and for family/friends of those facing cancer. There are not many books written by lung cancer patients or family members, so I really appreciate such a book when available. I strongly recommend this book for everyone- it makes you

think about your life, and rethink it.
