Customer Reviews

"A tale of keto-go, food that is good for you! What happens between pancakes and French toast when there is only one drop of syrup left? Readers get a ringside seat when the refrigerator door closes and the food comes to life. Lady Pancake and Sir French Toast take off on an edible version of American Ninja, running and rappelling through all the major food groups, each determined to reach the syrup first. The competition is fierce, as Toast plops into a vat of jam, and Pancake get sucked into chili-based muck. As the two royals skip through the Broccoli Forest and sail across soupy seas, the chilly interior of the refrigerator morphs into a true Hunger Games arena. . . . Kearney's illustrations kick butter, with full command of the story's arc.

The bean avalanche is a trippy wonder that will be replayed at many dinner tables. The vibrant colors on simple backgrounds keep the action at the forefront, while the acrobatic rhymes tackle the next hurdle. Though not a nutritional guide, this serving of breakfast foods provides a heaping side of verbs. Teachers and students alike will delight in this food fight. Who will be the winner? Readers will be hungry to find out. [Kirkus Reviews](#)

"When I was a kid my best friend was Josh Funk. I think he's about to become a friend to a whole new generation of kids." - B.J. Novak, author of #1 New York Times Bestseller *The Book with No Pictures*.

Riveting action book with fantastic artwork with breakfast food favorites! We read to help wake the kids up and get them excited about breakfast, or to calm down at night for a good night sleep! Unlike some other kids books, fun for adults to read and fun for kids to listen or read on their own!

This is, hands down, my favorite children's book that we own right now! About to purchase it for the third time to give as a gift. The story is funny and well-written. I read it to my one year old and the pictures entertain her, but my 9 year old sister loves it just as much because the story is so great. Of all the classics and new releases we have right now, this one is the most fun. Highly recommend!

Id never heard of this book until just having purchased it as a birthday gift based on the reviews and story description but after flipping through will be purchasing a copy for my children as well! Very cute story of refrigerator food racing for the last drop of syrup and learning about friendship and sharing. Very cute!

Purchased for a book drive for children, and of course, I read through it first because -- even though it is for kids -- it is important to me that a book still have a good story and in this case, solid artwork. I have to say -- this book is adorable. As I was reading it, I could imagine the wonderful little things that would be fun to discuss with a young audience. The rhymes are cute, the art is imaginative, and I think the child who receives this book will love it.

My first grade class absolutely devoured *Lady Pancake & Sir French Toast*! I actually had to remove the book jacket because so many hands were grabbing for the book after I read it. The tight rhyme and colorful pages satisfy the senses, while the unexpected twist adds drama to an already

nail-biting race. We read the book weeks ago and somehow Lady Pancake and Sir French Toast still seem to find their way into our daily conversations, drawings, and journal entries. Unforgettable characters on an unbelievable journey make this book a necessity for any classroom, bedroom, living room, playroom and kitchen. Yes, kitchen!

Really cute picture book for kids (both my 3 and 1 y/o boys like it a LOT), we got this copy as a gift for the cousins. Cute rhymes, lots of different foods mentioned and pictured, and great illustrations (with a fold out of the whole fridge at the end). Great twist at the end. Looking forward to more from J. Funk!

My son lives this story, and to be honest I think my husband and I enjoy it just as much...it's very clever and funny. There are many books that as a parent you sometimes dread reading at bedtime, but I am always delighted to pull this one from the bookcase.

This is a great kids book- that parents will enjoy too! The illustrations are fun and cute. The story is unique and enjoyable. My kids liked it so much I ordered the sequel soon after. This is the go to book for bed time now!
