The Unitarian Universalist Pocket Guide

Synopsis

Revised and updated, the Pocket Guide is one of the most complete introductions to Unitarian Universalism available, covering ministry, worship, religious education, social justice, and history. The 2012 edition is the most extensive revision in over a decade. Contributors include Kay Montgomery, John Crestwell, Gail Geisenhainer, Rosemary Bray McNatt, Jane Ranney Rzepka, Mark Belletini, Judith Frediani, Rebecca Parker, and Dan McKanan. Foreword by MSNBC commentator and lifelong Unitarian Universalist Melissa Harris-Perry.

Customer Reviews

This is a collection of essays written from the point of view of a variety of Unitarian Universalists. Each essay addresses an individual view, and can be read in any order. This book offers an excellent introduction for people who want to know more about the Unitarian Universalist Church, or for those looking for a liberal spiritual home that welcomes all beliefs and all people.

Taken together, the essays in this little book mostly amount to a repetition of what you'll find in many

other books such as John Buehrens's "A Chosen Faith". I'd recommend Buehrens's book to someone seriously considering joining the faith or wanting to learn about it in depth. But if you don't want to commit to a week of reading or are more interested in the history of UU, this pocket guide is perfect.

This is a very good summary of what Unitarian Universalism is all about. It talks about the seven principles. It talks about Unitarianism and Universalism separately. They were separate religions before they joined. This book is very informative.

This book is a quick read containing a number of short articles. It is well suited to reading in spare moments on a tablet since it is easy to finish an article and not feel interrupted when it is time to do something else. Along the way one finds an assortment of history, background, and personal reflections about this complex and yet simple religion.

What a fine introduction this is to Unitarian Universalism! New commenters, a nice introduction, a breezier feel. It is not easy to write a quick overview of a way of being religious that captures the spirit while being well grounded too--but this hits the spot. Useful for newcomer classes and meaty enough for others as well.

Awesome little book! A good summary of what Unitarian Universalism is all about in a slim volume. I recommend it to anyone who's interested in learning more, or any current UUs looking for good reminders about our faith.

In my search for a religious denomination that shares many of my ways of looking at the world, I came upon UU & bought several books on the subject - this is my favorite, it gives enough information about their interests & concerns that I feel as though I know enough about them to want to pursue my interest - one of the most heartening facts that I discovered from this book is that one can join in the fellowship even if one is not able to attend an UU church, by contacting their Boston headquarters.

I have this selection on my Android Kindle. The UU pocket guide is very informative, and is an excellent resource.
