Time Out Hong Kong (Time Out Guides)

Synopsis

Often called the most breathtaking city in the world, Hong Kong has something for every traveler. Time Out Hong Kong is the perfect companion for navigating this overwhelming metropolis that expects over 20 million travelers to visit the duty-free port this year. The experts at Time Out help travelers navigate through this shopper's fantasy, from the old-world markets and bazaars to designer boutiques including how to buy jade. Time Out food mavens helps travelers sort through the offerings of over 9,000 restaurants and the art of "yum cha"(drinking tea). The guide includes suggested itineraries for visits anywhere between one and five days, as well as side-trips to Macau, the buzzing boomtown of Guangzhou, and beaches and museums that are an hour by ferry.

"The best all-round guidebook" The Observer "An excellent up-to-the-minute guide to a happening place" The Sunday Times

Founded in 1968, Time Out has grown from humble beginnings into the leading resource for anyone wanting to know what's happening in the world's greatest cities. Alongside our influential weeklies in London, New York, Chicago and Dubai, we publish more than 20 magazines in cities as varied as Beijing and Beirut; a range of travel books, with City Guides now joined by pocket-sized Shortlist series; and an information-packed website. The company remains proudly independent, still owned by Tony Elliott four decades after he launched Time Out London. Written by local experts, and illustrated with original photography, our books also retain their independence. No business has

been featured because it has advertised, and all restaurants and bars are visited and reviewed anonymously.

I've long relied on The Time Out guidebooks to give me the best information about any city I plan to visit. The Hong Kong Time Out Guide is no exception. There's a tone to the book that takes you past the usual tourist fluff you get in so many guidebooks. Though no book, given the lag time between writing and publication, and the time you actually buy it, can quite match the net for currency of information; this gives you more about the places and areas that other books don't. For my taste, it devotes too much time to clubs and other venues that are meant for people in their twenties, and too little to hotels- but Tripadvisor picks up the slack there. The one serious fault of the whole series is that it tries so hard to be hip, it isn't. It forgets that a good portion of its readership may have passed the thirty mark. But the pros of the book outweigh the cons. You get more about places the other guides don't talk about, more things meant for serious travelers, who want to learn about a different place and culture, and really explore a place on their own- rather than be a tourist. Hong Kong is a unique place, and you feel that when you read the guide. It gives websites wherever possible, has fairly good maps of key areas, and gives you an overview of the whole of this unique place. It presents its material in a way that makes it a good read. It's enjoyable. It's particularly good on presenting little known shops, the Hong Kong tourists might not venture into, and makes you feel more of an insider. The book is worth its price, anytime.
