Enthroned (King Arthur And Her Knights Book 1)

Synopsis

After posing with a rusty sword for a photo in a British graveyard, Britt Arthurs is pulled through time all the way back to the age of King Arthur where the shockingly young and handsome Merlin is waiting for her. The wizard has some bad news: the real Arthur has run off with a shepherdess, and whoever pulls the sword from the stone is to become the King of England. Unfortunately for Britt, the sword slides out like butter when she pulls it after fighting with Merlin. Long Live King Arthurs! The King Arthurs and Her Knights series pegs a modern girl against the strange events of ancient England. The stories are based on Arthurian legends and are sprinkled with humor, knightly love, and a dash of magic. If you enjoy strong characters and tales about the Round Table, check out the King Arthurs and Her Knights today!

Customer Reviews

Few authors can carry this story with such aplomb and deftness as K. M. Shea. Britt Arthurs gets sent back centuries from modern London to King Arthur's time. The real Arthur absconded with a shepherdess, leaving Merlin and the Knights loyal to Uther Pendragon to decide whether or not they

were going to make a young woman King. They decided to do so but Britt surprised them her skills and vision of Camelot as a place for Justice. The book moves quickly, twists the classic plot enough to make it interesting but remains true to the legend, resulting in an excellent story for girls who may be looking for a role model. I started the book, curious as to how K. M. Shea would switch the sex of Arthur. She did it without overstressing the credibility of the story. It is not difficult to imagine him as a beardless young man who is slightly effeminate but ferocious in battle. I am now very interested to see how she handles Guinevere and Lancelot.

Yet another wonderful story by KM Shea! I enjoyed Robyn Hood (which also features a well known tale with the main character gender switched) but this King Arthur story is even better! I love how it feels familiar to all the King Arthur stories I've heard my whole life, but has such a freshness to it as the characters are given real depth and how Merlin and company work to prevent everyone from discovering that "King Arthur" is actually a Queen (with serious pwanage)! Can't wait for the next one (and VERY happy the ending of this one is not a cliffhanger!).

I thoroughly enjoyed this quick and easy read! Thanks to a Merlin-created spell protagonist Britt Arthurs is transported back in time to take on the role of King Arthur after the real Arthur absconds with a girl right before the start of the events that make up the legend. Merlin, while surprised that his spell brought him a 21st century American woman, has no problem with any of this, and Britt's riding and fencing skills ease her smoothly into the role. The tale covers the time span between Arthur's (Britt's) pulling of the sword from the stone through acquisition of Excalibur, the move to Camelot and the first battle against the anti-Arthurians. The story is handled well, the characters are actually plastic and lifelike and many of the problems are more than historical. It has touches of humor as well as some serious comment. Thumbs up!

I have become an avid reader of KM Shea. Out of all her books I love the King Arthur and Her Knights the most and I keep rereading them. Britt has been ripped from her life and dropped into the world of kings and queens. She faces many trials and has great reactions to each new person she comes across. I would defiantly recommend this if your looking for a fantastic story to enjoy.

When I first came across this book I was nervous. I always enjoyed the legends of King Arthur, ever since my Dad told me about them before I went to sleep and I wasn't sure how the stories could be adapted. However, I was proved wrong. K.M Shea was able to change the story in such a way that it

still stayed true to the original tales. I commend her on the time and research she must have done to create such an enjoyable read. The plot is well thought out and the characters are developed. I can honestly say this is one of my favorite books and I eagerly await the next one.

I absolutely loved this series! I could not put it down and when I did, I couldn't wait to pick it back up to read some more. I was able to read all 7 books in a matter of days I couldn't put them down! K.M. Shea is one of my new favorite authors!

Love KM Shea! I enjoy her characters, their strengths and weaknesses and who they become along the journey from beginning to end. I recommend her books for anyone who likes a good story, a good retelling with a twist, of a fairytale. I recommend her books to those who like a "clean" story with good morals.

Truthfully, I waited a long time before I read this book. I am a fan of K.M. Shea's books (having read almost all of them), but I don't like "modern girl goes back to medieval times" books, in fact I hate that premise. HOWEVER, I was happily surprised to really enjoy this book! I then quickly devoured the following 5 books and I eagerly look forward to any more books in the series. Britt and Merlin are really fun characters. An easy and fast read, very entertaining and enjoyable.
