Paperback Oxford English Dictionary

Synopsis

This fully updated edition offers over 120,000 words, phrases, and definitions. It covers all the words you need for everyday use, carefully selected from the evidence of the Oxford English Corpus, a databank of 21st century English, containing over 2 billion words. The Factfinder centre section gives quick-reference entries on topics including famous people, countries, and science. Discover more on oxforddictionaries.com, Oxford's hub for dictionaries and language reference.

Best Sellers Rank: #18,341 in Books (See Top 100 in Books) #15 in [Books > Reference > Dictionaries & Thesauruses > English](#) #52 in [Books > Textbooks > Reference > Dictionaries & Thesauruses > English](#) #57 in [Books > Reference > Dictionaries & Thesauruses > Dictionaries](#)

Customer Reviews

Complete dictionary and reference volume all rolled into one, at a splendidly low price. It includes all the words you will ever need for ordinary everyday use set out in the easy-to-use typography for which Oxford dictionaries are famous. * Writers Online * [The] quick-reference English dictionary in a new paperback edition from Oxford is fully revised and excellent value for money ... [It is] ideal for quizzes and puzzle-solving. * Suite 101 *

This dictionary is compiled by Oxford Dictionaries.

Coming from someone who likes words and has the ability to find pleasure from just opening the dictionary or thesaurus and reading it for relaxation, it is a great dictionary. Furthermore, it's for the person who wants a nice, hefty dictionary that actually has EVERY word that you'd need. I found it a champion for those words that you pass in everyday life and just pinch you to walk over to the shelf to look them up. This dictionary is also very easy to understand, it's authoritative, direct and

resolute. Oxford truly does provide the concrete foundation of the English language. Be warned that it is not huge in size--if that matters, but it is FULL of words in a small space with MEDIUM print size that is clear and bold. In short, don't be fooled by its marketing as a paperback, it's CHEAPER than a forty dollar oldie that taxes your verticle space, and suits people with poor sight.

Does not contain all the words. Has an annoying middle section with "facts" that don't belong in a dictionary but should be in an encyclopedia. Not user friendly at all

My favorite go to dictionary to date. I'm not one to buy the latest editions unless I find something lacking in the old ones. So far I haven't come up with words I couldn't find, Oxford gives you good easy to understand definitions and I keep it beside me when I'm reading. I'm a nerdy bookworm and it's frustrating when I come to a word I don't know while reading. Many folks today use online search engines and that's good and all, but I like a good old fashioned dictionary nothing beats it and I recommend this one

I love new dictionaries. My son-in-law needed a small one for his truck and I gave him my old one. Actually only maybe 5-6 years old. That way I could buy a newer one. This one is very nice, easy to read and larger than the ones I have had before.

Just what I was looking for as I read the English mysteries. Besides the dictionary there are several other useful topics.

turns out that if you live in the U.S. (which I do), the OED is not exactly the book you need, especially for scrabble. Get the American English version!

This is good, I love words so it helps with crosswords.

This was a great buy, Very up to date dictionary. I'm able to read the print just fine. If you're looking for a dictionary for whatever reason, this is a good one that'll get the job done.
