Montana SEAL Daddy (Brotherhood Protectors Book 7)

Synopsis

Former Navy SEAL enters the fight of his life to protect the mother of his child from killers who wish to silence her testimony in a murder case. After the sudden disappearance of the amazing woman he fell for on vacation in Cozumel and nearly losing his own life on a politically volatile mission in Syria, Brandon Rayne “Boomer” leaves the SEAL brotherhood and signs on with the private security agency Brotherhood Protectors in Montana. Determined to forget the girl and maybe even try for a real life and start a family, he embraces his new life. While on vacation in Cozumel, Daphne Miller fell in love with a handsome SEAL. On the verge of committing her heart and life to him, she becomes the unwitting witness to murder. Forced into witness protection, she doesn't realize she's pregnant, the product of the hot fling with the sexy SEAL. A year later, still pining for what could have been, with a baby girl to protect, Daphne's safe house is compromised. In an attempt to evade the people trying to kill her to keep her from being a star witness in a big court case, she heads to Montana to find the only person she knows can help, the baby's father. Determined to put his desire for Daphne on the back burner, Boomer focuses his skills and cunning on keeping her alive long enough to testify. Together, they vow to protect baby Maya from being used as a pawn to control the outcome of a critical court case.

Elle James is one of those authors who just know how to get you to fall into a story and they won't let you go until the very last page! I've read all of the Brotherhood Protectors books and SEAL Daddy is just another example of Elle's exemplary skills in writing! There's passion, heartbreak, intrigue, suspense, trust and love in each and every tale she pens. Daphne and Boomer's journey is full of twists and turns, but in the end their hearts come together just the way the fates meant. Elle's writing style seems so effortless and practical - like you're speaking with a friend who just wants to fill you in on their life! To me, that's what a great writer is all about - the plot, the characters, the ease in which we, as the readers, fall into the story - we are part of the adventure, watching their journey unfold and see the HEA happen in front of our eyes! Daphne and Boomer bring the affirmation of trust and love to the forefront - through the amazing words that seem to flow so effortlessly from Elle James. Extremely well-done Ms. James! Thank you from a devoted reader and fan!

The novel hits the notes with a heroic male lead and a female that needs protecting but it didn't translate to a good connection between them. The interaction between them was off with emotions switching off very swiftly leading to poor character development. Have issues with babies, now it's gone. I am angry because he thinks I would sleep with someone else, now it's gone. Also the heroin was going to rush into a stupid situation where she would get herself killed...makes her unlikeable. Overall it is an okay book but I have read better including others by this author.

Another fantastic read. Elle James doesn't disappoint her readers. This book has the perfect amount of action and romance throughout the book. The chemistry is smokin hot between Brandon and Daphne. This book will hold your attention and is a quick read. I'm looking forward to reading more books in this series. This book is a must read.

I love this author. She's great. I have enjoyed everyone of the books in the Brotherhood Protectors series. Unbelievably, they get better with each new book in this series. Thanks a lot to a great author. I highly recommend all of her books.

Love those hunky, sexy ex-military men and their independent, sassy women. This woman is in protective custody after witnessing a murder. She has a big secret.....her baby is his. Froth with

danger and action and hot sex. Highly recommend.

So enjoyed this novel. I love the concept of each book and I really liked the fact that in this story that the love scenes was more real and not a fake set up. Can't wait for #8 to come out. Just wished it didn't take so long!!!!

The story sounded interesting and I enjoyed the first seal story but this one was not very good. Seems baby needed to nurse every 30 minutes. Both h/h were annoying. Chuck was best part of the story and everyone acted like he was an old man who missed out on life at 46.

Fast paced from the beginning. Daphne witnessed a murder, the body was whisked away and she is the only witness. It is imperative that she is done away with putting her, her baby and body guard in serious risk.
