Doreen Virtue has been criticized for being too commercial and for flooding the marketplace with far too many card decks. I feel the world owes her a debt of gratitude. In many ways she is solely responsible for bringing awareness of Angels and other spiritual topics to the forefront of the world's attention. She is a wonderful teacher, healer, and reader. Doreen has brought the world of Angels

and spirituality to a huge number of people who might otherwise never enter onto a spiritual path. I believe she has offered the world a great service. She continues to bring guidance, help and comfort to so many people. The Archangel Gabriel Cards are not only beautiful but great for giving readings for oneself and others. The images are depictions of Angels from classic paintings. The deck has a beautiful back, gifted edges and the uniform design of the deck makes it beautiful. The images are rich and can provide information for messages. There is also a single word or simple phrase at the top of each card and an expanded interpretation at the bottom of each card. I am a professional reader and have started adding this deck into my readings. I found them to be accurate and easy to work with. I'm grateful to Doreen Virtue for all her good work and for creating a beautiful, useable and accurate oracle deck.

This card deck isn't what I expected at all but in a good way. This card deck has a biblical kind of feeling to it like her Mother Mary card deck, her Saints And Angels card deck and a little bit of the old fashion Victorian feeling like Doreen's Guardian Angel Tarot card deck all decks that I am not fully attached to in terms of the pictures anyway. This card deck is different from her other decks in terms of the wording on the cards and the definitions of things in the booklet. Unlike her other decks this card deck more specific especially for those who are writers, and artists. Actually in my eyes this card deck is even more specific than the Life Purpose card deck which focuses on different types of careers, but doesn't mention a lot of action to take in terms of a career this one does. I do however highly recommend combining the Life Purpose card deck and the Gabriel one I did both recently and got a great reading I highly recommend to do this sometime. While I am not a big fan of the pictures of the cards this card deck even though they display action such as it shows people doing things like painting, writing and one picture has someone looking in a mirror which indicates facing your fears and there is a mother Mary card included in the deck for soon to be mothers or mothers. I do like the wording on the cards. Some of the words on the card that mostly focus on artists include Editor, Media, Share Your Art With The World, Agent or Manager, Time Management, Perfectionism, Writer's Group and more. Wording that applies to mothers and artists include Nurturing, Blocks Lifted, Allow Yourself to Receive and more. Wording like that is not seen in other card decks of Doreen's. This card deck focuses on a particular group of people you can see it on the card the wording and in the booklet. It motivates you to take action a lot of are action cards physical action not just doing emotional action. My boyfriend Andre wants to promote more his artwork and write a book and I feel this deck would be a good motivator for him, and once he sees the deck I will include in the review his thoughts on it and as for me well it's has motivated me to

become more creative lately which is good for me. I also think this is a good one for my friend Jason and his mom as well. If you like Doreen and want more motivation as a writer, artist, or mother this is the card deck for you. Update December 5 I showed my girlfriend Shelly recently the card deck she is the one who bought it for me and the few cards she saw she liked she liked the pictures better than me and she doesn't do card readings often at least for herself, so I will get them for her next Christmas. I also want to give my friend Jason this card deck he does DJing and his mother who is a mother and writes children's books as well. Update December 26 Despite how I feel about the pictures on the cards I still from time to time pick a card from the card deck. I want to know what message Gabriel has for today. I picked a card today called Motivation. I read it to my boyfriend Andre and he loved the wording on the card and he said to keep the card out to look at. He said he loved the card deck and my boyfriend has some Doreen card decks, but doesn't use the card decks often except for her Angel Tarot a little bit. I figured Andre would like it, but wasn't totally sure and today he confirmed it. My boyfriend Andre does photography, writing, and also does painting, as well as other types of art and he saw this card deck as motivating, so when I can I am definitely buying it for him, plus my friend Jason, his mom, and my girlfriend Shelly to. Update January 4 I gave my boyfriend Andre a card reading yesterday uses Doreen's Life Purpose card deck and Gabriel card deck. And even before he put down the cards he was amazed at the accuracy of both card decks especially the Life Purpose card deck. And he told me after the reading he wanted both decks which was a big surprise to me. Andre was wondering what actions he should take in regards to being an artist and writer and the cards help to answer his questions. My boyfriend Andre is a man who is a bit skeptic and like I mentioned before not into card reading even though he has card decks. I bought him the Gabriel card deck and it sounds like he will want the Life Purpose card deck as well, so I will get him that as well when I can. He also gave me a suggestion on how to interpret the Prosperity card in the card deck if a woman is asking if she will be pregnant soon or in general how the Prosperity card connects to mothers, as well as artists and writers. Update February 25 At this point I own this deck, my boyfriend Andre and my friend Jason's mom. Jason will get it later. Not sure what Jason's mom thinks of it yet so will get her opinion later. Lately I have picked a card from my Gabrielle Bernstein's Miracles Now card deck and my boyfriend Andre's Gabriel deck everyday for motivation and had an interesting experience happen to me. Last week on Wednesday I picked the usual Gabriel card and carried around a Gabriel deck to give to my friend Jason for his mom. Right before meeting up with Jason I overheard a conversation between a woman who was a mother and had a son and a man named Gabriel. The name Gabriel is very rare and that's the first maybe second time I have come across someone named Gabriel. To me this is a very powerful angel deck indeed and I got the

proof last week for sure. I love it, love it, love it.

They were so on the point that they made me cry.. The first question that I asked was how I could get more blessings and the gratitude card came up telling me that if I appreciate what I have it would attract more reasons for gratitude. in other words start thanking God for what you have instead of begging begging begging

These cards, like all of Doreen Virtue's collections, are immaculate, stunning, and too beautiful to describe in video, photo, or words. The pure essence of these cards are magnificent and can't be imagined until you get the product and hold them in your hands. As a person from the Christian Faith, I appreciate the calming, inspiring words and prayers that come through Archangel Gabriel in the readings of these Oracle cards. I believe these cards are a direct gift sent from God.

I have a few of Doreen Virtue's card decks. Love 'em. This one doesn't feel like the angel & archangel decks. It goes more to endeavors & expressing yourself., next steps to take. The artwork seems old world romanticism,, but for me, it misses the spot. They just don't call to me, or drag me right into the illustrations. I can do reading with the others, quite accurate & informative. This deck only calls for a 1 card read at a time. ,, interesting... maybe not the deck for me. a little disappointed

I foolishly thought these would be in the same format and art style as my Archangel Michael and Archangel Raphael cards. The artwork is not great and the colors aren't vibrant as in the other decks, made worse by a yellow-brown border. Even the messages are rather flat without the sweet prayers in the other decks. I have LOTS of her cards and I should have skipped these

Anyone in the creative arts will love this deck, especially writers, which I do feel it is geared towards. If you are a writer, this deck will not disappoint since it has great message cards like Editor and Writer's Group. Like Gabriel, this deck guides/nudges creative individuals and projects towards their next step. It is a gentle deck and filled with universal wisdom so anyone can benefit from the messages and apply them to their specific situation. The cards themselves are beautiful and the booklet is helpful for more insight into the card.
