## Customer Reviews

Wanderlust Travel Awards 2009-2014 "This [DK Eyewitness Travel: Top 10] might be the best traveling companion to throw in your pack. It's a slim and sleek overview loaded with practical and useful content." Gadling.com "Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." Chicago Tribune "The best option! Color photos, maps, and diagrams bring the place to life." The Philadelphia Inquirer

About DK Eyewitness Travel Guides: For more than two decades, DK Eyewitness Travel Guides have helped travelers experience the world through the history, art, architecture, and culture of their destinations. Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more.

The organization of this book is weird and unhelpful. I hoped for and expected something much more in-depth and not so silly. I don't plan my travel around this type of ranking of "attractions" and I don't need some editor to tell me what are the "best" or "top ten" of rather obvious and insipid categories of things in a rather wide geographical area. Traveling the English countryside pretty much necessitates a car and covering some distance, so inevitably a day's travel plan will start with a consideration of DISTANCE and location, not whether a tea shop or scone is one of the 10 best in a rather large stretch of countryside. (Given the success rate of tea shops, most of those listed will probably be defunct by the time you arrive anyway.) And ranking cathedrals and museums in order of "best" is just inane. Most of them are not comparable and anyway, one's particular interests determine what is "best." In addition, the pull out map is much too small to read without a magnifying glass and I have perfect vision! The supposed convenience of this miniaturization is completely negated by its unreadability. I have used this publisher's Eye Witness Travel Guide to Great Britain for 10 years and recently bought the latest edition. I have found them most helpful for trip planning and recommend them without reservation. I expected something similar and more in-depth for the area of Devon and Cornwall and was very disappointed. I guess I missed the significance of the

"Top Ten" title when I decided to buy this smaller guide!

This Eyewitness top 10 guide is a great place to start planning your trip. First, it gives overall highlights of the top 10 places to visit. Next, it breaks down each of the highlights into top 10 features. Also included: great walks, festivals, beaches, culinary specialties, cathedrals & churches, gardens, houses, museums, children's attractions, pubs, shopping, & train rides. There are suggestions on lodging, things to avoid, and security and health. Also practical info such as transportation, customs regulations, electrical appliances, drivers license, passports & visas, currency, postal services and phone service. Included with this little guide is a pull-out map. Pictures are great.

Great book came in very handy.

This guide is the one to take on your trip. It's small and thin, but equipped with sturdy pull-out maps, practical travel tips for the non-natives, regional highlight attractions, and even a few accommodation suggestions. The page layout is also appealing, with color photos on every page, and headings followed by numbered entries so you can pick out whatever most strikes your fancy in a flash.

This book with its great photos inspired a desire to visit the sites. It would be helpful to include information on getting there.

An easy layout of information to determine quickly what a traveller wants to see/visit.

Was useful in deciding how to organize my vacation in Cornwall this summer.

I love the DK travel books, always high quality and informative. This is more of an abbreviated version of a guide book, but still provides enough information for you to plan your trip well.
