## Synopsis

He's been called THE EVIL SEED OF SOAP SHOES, THE BAD BOY OF AGGRESSIVE IN-LINE, and even THE SOAP GOD himself. THE GURU OF GRIND • RYAN JAUNZEMIS, (As seen in Soap Shoes international sales commercials & Related Video Productions famous full-length Soap videos "One & Two") known by Soap fans the world over and said to be, by many, quite possibly the best Soaper of all time is about to take you back to the late 90s, in a time where bowl-cuts, bleached hair, visors, & JNCO jeans were the latest fashion, on a hilariously funny, wild, no-holds-bars, raw-and-uncut, kinked-out rail of a skating & Soaping adventure, as Ryan (At the time), a 17-year-old professional aggressive in-line skater from El Segundo, California, along with fellow pro skater & best friend, Danny Lynch, randomly stumble onto an ad that had been recently placed in a local Southbay newspaper from a new company called SOAP SHOES, who claimed that they had just invented a prototype-model for the world's first pair of grind shoes; special shoes fashioned with concaved screw-in plastic grind plates in the soles of the shoes; which would allow the wearer to slide (Or "Grind") along curbs, ledges, planters, & even HANDRAILS, thus now enabling a person to be able to mimic many similar movements to that of aggressive in-line street-skating without ever even having to strap up! In other words: You were now able to go skateboarding WITHOUT A SKATEBOARD! Ryan buys a used pair of Soap Shoes from his friend Kenny Oard for \$10 dollars, makes himself a sponsor video, and later becomes sponsored by Soap Shoes. Ryan starts bringing in \$200 dollars per hour for photoshoots, tours the country, receives free clothes, free shoes, free food, free booze, free hotel rooms, & paid travel expenses, all the meanwhile brawling & duking it out with rival skate crews, and slides his way into the hearts of many beautiful young ladies, all while busting out on some of the biggest & baddest rails on the planet! Could this be the sport of the century? You decide! Grab your Soaps, lace up, and get ready to get your grind on fellas! Or, as Ryan would say, "Soap it up baby!"

## Customer Reviews

There are times when you wake up and the day just doesn't excite you, it doesn't make you want to get out of bed. Then you read about what Ryan Jaunzemis has done with his life. You read about his soaping on rails. You read about him being in every Journey's store in America. You read about him tallying high school girl after high school girl, and then it hits you. Papa has blessed Ryan. Let Papa Bless you like he has me by reading Pro Soaper and following his steps to success.

This book is absolutely amazing. Ryan is dynamic in his writing style, punctuating his more mature prose with memories of himself that not so subtly remind all of us of what we experienced during the era. The amount of enjoyment I gained from this well thought out parody was oceanic in nature, and was only eclipsed by the hilarity that ensued following the realization 3/4 of the way through the book that, no, this was not a parody. Either way, Ryan embodies a unique time in American/Californian history, and thanks to Pro Soaper, will be forever preserved for future generations.

wow ethan great moves

Lmao h3h3

It's just a great book. Soap4Life man!

This book is a must-read for Generation Y. In fact, anyone who is interested in Skateboarding, BMX, Snowboarding or any of the other Mountain-Dew-chugging Xtreme sports. If you went to high school around 1996-2002, this book is full of nostalgia from "back-in-da-day". Although it is not the main theme, this book captures a significant slice of Los Angeles culture. This book is much more than just a story of Ryan Jaunzemis, written for fans of soap shoes. It's a book for anyone that enjoys reading a genuinely interesting story about someone who takes risks and is truly living their life to the max (as opposed to just floating along, settling for a corporate 9-5 gig) and honest about their life's experiences. Ryan's story gives a glimpse into the mind of a legit hustler who keeps it 100, his narrative shows how failure and adversity are a part of the process towards achieving success. Ryan's has a talent for capturing enthusiasm in his writing, at many points throughout the book the excitement was palpable. Because of his authenticity, Ryan is a highly relatable individual as a protagonist. You find yourself rooting for him like Rocky Balboa fighting Ivan Drago, I had the sense of riding the highs and lows along with him. An unexpected drama and THE page-turner of 2015, I read the book front-to-back in two days. The story arc is thrilling and unlike anything I've read before. This book is not a comedy, although it has striking similarities to "Walk Hard: The Dewey Cox Story", in that it's an up-and-down-and-up-and-down-and-up again tale of hardship and success. I hope that this book is picked up by a major publisher to achieve the level of exposure a story like this deserves. Ryan Jaunzemis is not just a professional Soaper, he is on the pathway to becoming an American Icon. I believe that Ryan would be a perfect guest for Loveline on KROQ-FM, with the right outlet - keep your eye on this guy, he's going places.

Stop 5-staring your own crap.

All the reviews for this rated at 5 stars were most likely written by Ryan Jaunzemis.
