Creative Haven Insanely Intricate Phenomenal Fractals Coloring Book (Adult Coloring)

Synopsis

Colorists will encounter a spellbinding world of natural beauty in these 31 amazingly complex fractal patterns. From a seashell's spiral to patterns formed by crystals and clouds, these full-page patterns offer a variegated collection of designs inspired by butterflies, flowers, and other natural forms.

Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists, *Insanely Intricate Phenomenal Fractals* and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

Customer Reviews

Brooklyn-based artists Mary Agredo and Javier Agredo sculpt, paint, collage, air brush, and "do art" as often as they can.

Fantastic book!! This is insanely wonderful. I would recommend it for all colorists especially colorists to need a challenge or want a challenge. Everything is so 3-D. For markers, gel pens, pencils, you name it easy you can use it mixed media anything you want to add to the images more depth and dimension than they have. Javier has done a wonderful job creating this very enchanting book of pattern images that is not the same as

other pattern books It's just not ! I have worked on two of these beautiful "fractal" designs and I am loving every one of them I have enclosed two WIP images - I can't choose which one I like better yet I'm going to be giving them to my husband for his office because they are so intricate and are turning out beautifully - I think I want these FRAMED!! I've been coloring them in pencil - but I think I may add marker for extra dimension we will see - it feels like the drawings just tell you themselves what's needed next that's a great asset to these "Phenomenal" Designs!! recommend this book for colorists of all ages and experience - but for more experienced colorists I think you will have a better time with these designs because they're very intricate and they're calming like a mandala because the patterns can so beautifully repetitious I found myself getting lost in looking for the designs within the page! I love them! And I didn't have even know what a "fractal" was to color them!! Thank you so much for the advanced pages Javier your book is incredible and I recommend it highly to everyone!

AAA+

Gift. they loved it

Creative Haven is the ONLY coloring book I will buy now. Paper thick, printed on one page, perforated. Great designs. From beginner to very intricate this is middle of the road. Not as good as other in the Creative Haven line, but great for the \$\$

I LOVE Adult Coloring books that are intricate in design. This book however was very disappointing. The designs don't really make much sense and they are extremely simple. Not very many pages are in this book and it doesn't excite me at all. Wish I had never bought this book.

This is a GREAT book and I look forward to getting in to it. If you like crazy wild patterns you will certainly like this coloring book. I am including a few pictures so you can see what its like. The book has 31 designs varying in difficulty from moderate to challenging. Each design is printed on one side of page (back side blank). Pages are perforated for easy removal. Paper is smooth, white, and slightly thicker than normal paper. I use my books as master copies so have no information on how different coloring mediums work on the paper. Will recommend this book to friends for sure!

So detailed I'm scared to start on one and make a mistake! Don't get me wrong this book is amazing and it's a great one for those with a keen eye but I might must keep this black and white

Can't get enough of these! Love all the details and designs. Everything I have bought from Creative Haven in Adult Coloring has been an excellent product!!!
