Customer Reviews

What a cute story. Grandpa is getting old and has some trouble with things. The author writes in rhyme and makes this "grumpy" grandpa quite comical. The illustrations are cute and bound to make a child giggle. I giggled myself as I could really identify with grandpa when he was looking for his glasses and had them on his head! The book ends in a sweet loving way ...and for any grandpa that has a sense of humor, this may just be the book they want to share with their loving grandchild!

This is an excellent story to read to little ones who are either close to a grandparent or who don't understand why getting older sometimes makes people a bit cranky. The narrator defends how her grandpa feels in rhyme and the pictures that go with are just adorable. The illustrations have a sweet, cartoonish look. My favorite picture was the one where Grandpa fell in the toilet. It made me laugh! Grandparent's Day is coming up. This book would make an excellent gift for it.

This is a nice book we purchased for one of our nieces who is 7. We thought it would be funny all the way through but it wasn't. It was endearing and sweet and speaks to that special relationship a grandfather has with his granddaughter.

A very fun story to read and share. The rhymes are both funny and true. Grandpas should find it hilarious while the kids enjoy the silliness of it all. Probably be trying to come up with their own rhymes afterwards. Definitely a five stars book.

I have mixed emotions about this story. Narrated in first person by a little girl, the story is divided into two parts. In the first half, our little narrator presents rhymes of four lines per page with some of the reasons her grandpa might be cranky. While the illustrations are adorable and funny, some parents may feel they are too graphic especially for very young children. For example, losing his teeth in the toilet bowl and falling asleep because it is too difficult to cut his long toenails. The second part of this story relates how the little girl has so many reasons to appreciate her grandpa like how he supports her emotionally, spends time with her, and has unlimited patience. Her conclusion is that he is not grumpy, but just getting old. The book is targeted for readers ages two through eight. Toddlers and preschoolers won't understand the underlying message. While children might find the situations and illustrations funny, some of the topics chosen are a bit weird. Parents

and teachers definitely need to preview the whole book before reading.

Kally Mayer writes brilliant children's rhyming picture books. Her book *My Grandpa is NOT Grumpy!* (Funny Rhyming Picture Book for Beginner Readers ages 2-8) ("Early Readers Picture Books" 2) is beautifully illustrated and written with the love of grandparents for their grandchildren. My young niece became the apple of my father's sparkling eyes. As she grew older, she became his best friend. He loved her beyond words. Give this book to your young children for Grandpa to read for a good bedtime story. The end has a loving message for Grandpa that will last for years to come.

This book is SO cute and an enjoyable read. My niece calls my dad "grumpy" so it couldn't have been more of a perfect read! Very cute illustrations, too.

Bought this for my daughters to read over skype with my dad. Worked out very well - both granddaughters and grandpa really liked it!
