I bought this book for my daughter so she could learn a little about Abe Lincoln. She learned a lot of stuff I didn't know and did well on a book report she ended up writing on it as well.

My 8 year old had to read this series for school. Informative and great illustrations, the writing in old time talk was a little hard for him to get into at first.

Great book, very informative. Book was in excellent condition as described in listing, and arrived before expected delivery date. Would definitely buy from this seller again! Thanks

It is a wonderful book both in the telling of history and in illustrations for the young students.

Wonderful book! My daughter and I found it very informative and interesting.

Great story for 4-5 grade students. Gives detailed and interesting info on the president. Students learned much from this book.

Good book, but I didn't like that it had no page numbers.

Love! My 8 year old son loves it.
