Winter's Heart (Wheel Of Time Series)

Synopsis

In *Winter's Heart*, the ninth volume in the best-selling *Wheel of Time* series, the prophesied Last Battle (Tarmon Gai'don) between the Light and the Shadow is imminent. But Rand al'Thor, the Dragon Reborn, stands in the Shadow's way. Darkfriends, Shadowspawn, and the Forsaken will try to kill Rand to keep him from fighting. The forces of Light fear that Rand will go mad and cause another Breaking of the World. Male and female magic clash to dazzling effect in the colorful tapestry that the New Statesman and Society called Jordan's entirely convincing and compelling alternative world. *Winter's Heart* debuted at number one on The New York Times bestseller list in November 2000. The *Wheel of Time* ... is a fantasy tale seldom equaled and still less often surpassed in English. Chicago Sun-Times

Customer Reviews

I ordered this book and paid approx. \$75.00. When I got it I tried to burn it into my computer so I could put it on my MP3 player and it wouldn't rip. It ripped half the tracks and not the other half it would only come up as error. So if you want to buy this book don't buy the New Millennium Audio version, it SUCKS!!!

From my experience with Robert Jordan and his *Wheel of Time Series*, I found this book slow...I recieved no real new information to keep me interested in the series. I loved the first seven books, but eight and nine have been less than appealing. You are still wondering after these last two books

how these two books got placed in the series since they give no real light on anything that led up to book seven. This book just doesn't do anything for me.
