Creepy Pair Of Underwear!

Synopsis

From the celebrated team behind *Creepy Carrots!*, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!

Customer Reviews

* "This strikes the ideal balance between frightening and hilarious, and like the underwear itself, readers are guaranteed to keep coming back for this storytime platinum!" (Booklist - Starred Review May 15, 2017)"Reynolds dives even farther into elementary-grade horror here, balancing nicely between humorous and haunting in tone and events....Young horror fans will fall immediately in love with the terrifying undies and hope that accompanying merch is in the works." (Bulletin of the Center for Children's Books July/August 2017)* "Balances a really spooky premise with the hilarity that accompanies any mention of underwear....Perfect for those looking for a scary Halloween tale that won't leave them with more fears than they started with." (Kirkus Reviews - starred review July

2017)* "Once again, Reynolds and Brown are in perfect comedic synch as they channel the surprises and creeping dread of a thriller. Brown's noir-style b&w illustrations make the most of the premise, and the innate absurdity of being afraid of one's undergarments will be a surefire winner with many kids." (Publisher's Weekly - starred review July 17, 2017)"First introduced in Creepy Carrots, Jasper's antics are equally humorous and appropriately but safely spooky. VERDICT An enjoyable and comfortably spine-tingling picture book for a Halloween or any day storytime." (School Library Journal August 2017)"Humorous text...captures Jasper's age-appropriate not-quite-a-big-kid dilemma. Brown's noirish...illustrations •black, white, gray, and Day-Glo green •heighten both the silliness and the spookiness that are on display in equal measure." (The Horn Book September/October 2017)

We were waiting for this book since last year! Since we are big fans of Creepy Carrots I got it today and read it to my kids, we enjoy it so much, although my kindergartener found it a little bit too creepy. Super cute books!

Awesome book! My 6 year daughter absolutely fell in love with this book. The story is great and the illustrations are just as great.

My little one is two and loved Creepy Carrots, so when I saw there was a sequel coming I pre-ordered it. Honestly I thought I was more excited than he was... until he saw it. He immediately recognized Jasper and got very excited. At bedtime we read it twice and twice again first thing in the morning. We are both more than satisfied. Also I honestly think I would have easily enjoyed this book

almost as much even if I had not read Creepy Carrots a thousand and one times. As an aside: the central theme of this book is trying to be a "big rabbit". I enjoyed that it was something Jasper strove for but also struggled with.

My first impulse was to pre order this book as soon as I saw it, but I restrained myself and waited until it was released so I could check it out of the library first. We love all things creepy, and Creepy Carrots was a big hit in our house. I've been burned before with children's book sequels though. Often they try to hard to capitalise on the success of the preceding book, and the result is a weak, watered down replica. That's not the case here. This book is true to the first, but still very well done, cute, and original. I'm definitely adding this to our "creepy collection". P.s. - Creepy Carrots was not too scary for my then-three-year-old, but it was one of the biggest complaints I read when looking at the reviews. Just a side note, this book is actually slightly more silly, and less creepy than their first, if anyone is interested or worried about that.

A great follow up to the Caldecott Honor winning book Creepy Carrots. Aaron and Peter have done it again. This book is sure to be a read aloud favorite in homes, classrooms and libraries.

My soon to be 4 year old absolutely loved Creepy Carrots so he has been anxiously awaiting this next story about Jasper Rabbit. We were not disappointed, I've lost count how many times we've read it since it's release.

My grandson and I read "Creepy Pair of Underwear!" He says, "This was a funny and weird book. It was a good book!" I liked the pictures especially of Jasper.
