Customer Reviews

A good resource for someone who is just starting out. I only gave three stars b/c I wish this book had an index for the recipes. I ended up making my own with sticky notes but it took forever to re-find the recipes I wanted to mark.

Exciting recipes! I love this cookbook!! I own all your cookbooks, and this is by far the best! Thank you for all the meal plans and great ideas. I've been eating this way for three years, and it was fun to have a fresh take with new ideas to go forward. Worth recommending!

The recipes are delightful, direct and there are genuinely heaps of them. This is great, clearly, notwithstanding in like manner suspected that it was hard to pick something to endeavor with such an assortment of decisions. Recommended to all.

Great meal options and meal planning tips. Looking forward to making many of these meals. The fat bombs also look choice.
