# Granny Fartybutt Comes To Dinner - Includes FREE Audio Version. (The First In The Series Of Rhyming Fart Books)

## Synopsis

FREE 'Granny Fartybutt' Audiobook Inside! Grab this FREE mp3 download version of "Granny Fartybutt Comes to Dinner" with your purchase of this Kindle ebook. Also includes; Spot the Difference Chocolate Kisses Cookie Recipe 'COME ON SMELL THE NOIZE!' as you follow along with this Gruntastic, Hilarious, Stinky kids story book. Granny F is everyone's favorite Grandma, she is the 'Farting Fun Figure' of the family who solves problem after problem with her Butt Blasting Bonanza! LOL at the funny illustrations and noises as you join Granny Fartybutt on her Fantastic Fart Fest. Point ya peepers at what folks are saying about Granny's ordeals... I really got quite a chuckle out of this oh-so-funny rhyming fart book! Especially when I listened to the audio version which is narrated in a delightful British accent! The story is really funny and cute and the descriptive illustrations really add to the story tremendously. Whether you're a kid, or a kid at heart, if you have a sense of humor, you will really enjoy Granny Fartybutt! ~ JAS This is one hilarious little book, it brings back so many fond memories and funny situations. I downloaded the audio book as well and played it to my little cousin - we were laughing like crazy! Not to be missed! ~ MedMan Very funny book. It made me laugh all the way to the end. It will add a little cheer to your day' ~ Jeremiah Lucero

## Customer Reviews

I've read the first Granny Fartybutt and look forward to many more. For it's true you know, that we all blow farts all day and night. The secret is to keep that sphincter really, really tight. For try as you will, and try as you might, there comes a time when it feels as if your fart could light the night. It could be today, or tonight that the farts come so fast and close together, you begin to wonder if it is the weather. But no, it's not thunder, at least not from a storm. Oh no, it's farts stronger than the norm. As we age and grow less young, many changes take place and farts is one. Many of the foods which have nourished us well, no longer dissolve so smoothly and our guts start to swell. They swell and grow as the gas builds up. Until, if we don't let it out, it will come back up. So please try to be tolerant of them what are old. Since their farts sneak out be they silent or bold. They can not be stopped they must be released. So don't laugh and point, don't hold your nose, and gasp and pant, for the alternate to relief is loaded up pants. Reading this book has made me quite silly. Well, in truth, my children tell me I've always been silly. But, as I have aged I've learned not to try to keep it to myself or it comes out willy nilly. I'm not sure why the alliteration has rolled so fast and apologize for putting you to sleep.

I got this book for my 7 yr old granddaughter and me to read together. Once I read it, and especially after hearing the free audio download, which is done with a British accent, I knew it was one my entire flatulent family would find laugh out loud funny. I just wish it was a longer story. Of course, that's what the rest of the series of books are for.

I really got quite a chuckle out of this oh-so-funny rhyming fart book! Especially when I listened to the audio version which is narrated in a delightful British accent! The story is really funny and cute and the descriptive illustrations really add to the story tremendously. Whether you're a kid, or a kid at heart, if you have a sense of humor, you will really enjoy Granny Fartybutt!

Great product! I love it!

No audible.

The font is really small! I want to share this book with my eight-year-old grandson. However I could hardly read the font and it will be hard for him to read as he's just a beginning reader. There are a few grammatical errors also. I think this story would be perfect with a professional edit, larger font, and more of a moral to the story (other than let's all be free to break wind).

My children thought it was hilarious at first, but then again they are young boys. Their feelings about the book changed by the end though. I didn't quite find any humor in it, in fact I think it teaches the wrong message to kids when it promotes people greeting each other with a fart and/or recognizing them by their fart. Clearly it isn't meant for children, it is more along the lines of toilet humor and my boys even said at the end of it that behavior like that is not what is acceptable. THAT came from a 5 year olds mouth. revised Aug 15, 2014 as follows: I have since had some teachers in our children's schools read through this as well, and might I add they were speechless. The comments ranged from " I am appalled at it being recommended for young children" to "No wonder we have the types of kids we have to deal with that obviously show no manners, making it much more difficult to maintain the classroom as it should be". And kudos to the person whom brought to my attention I had inadvertently given this a 5star rating( indeed not on purpose as associated with NOT FOR CHILDREN) HOWEVER, I HAVE TO BE FAIR TO THE AUTHOR!! If listed as off color humor in another classification, the book does flow, is well written and illustrated, has no grammar errors and therefore would qualify that "5-star rating". Provided it was listed for Teens and upwards associated with "Adults" but I still stand convicted that it is not a "children's book"!

I started to read it and then stopped, because I thought it was a little "crude" and he said "NO! Keep reading!!" This story has 6 yr old boy humor written all over it. It took a while to find audio version - evidently it is email separately to you. You have to download the audio, hit "play" and then very quickly go back to "books" on your kindle and catch up to the audio. So, it's not really "audio" it's a book with a separate recording. For .99 cents, I guess you can't expect technology.
