Synopsis

In this masterpiece, Dick Francis, the bestselling master of mystery and suspense, takes you into the shocking world of horse racing—where one man must bring his friends' killers into the light, or else risk death himself . . . Steeplechaser Alan York knows well the dangers of the sport. But when his best friend and rival, Bill Davidson, takes a fall in the middle of a race and doesn't get up again, Alan discovers that it was no accident. Someone rigged a trip wire to take down the running horse. The more Alan investigates, the more he suspects that there is more to the plot than just murderous horseplay. But even as he approaches the finish line to this mysterious race, those responsible for his friend's death are already planning for Alan to have a fatal accident of his own . . .

As a jockey, Dick Francis was unbeatable when he got into his stride. The same is true of his crime writing * Daily Mirror * Dick Francis's fiction has a secret ingredient - his inimitable knack of grabbing the reader's attention on page one and holding it tight until the very end * Sunday Telegraph * --This text refers to an out of print or unavailable edition of this title.

Dick Francis, a former jockey, brings his experience of racing and life around the racetrack to his mysteries. (And so far Francis is a three-time winner of the Edgar Award for writing the best mystery of the year.) This horse racing background is appealing to my market area of Southern California. Racing is a popular sport amongst Southlanders.--Nanci Andersen, Ballantine Sales --This text

A friend referred me to Dick Francis novels. I have read three novels so far and have really enjoyed them. He is a very good writer and can really tell a story. The stories are set around steeplechase racing in England in the 1960s (so far, I'm reading from earliest to latest), but they are not the same, and not really about horse racing but mysteries in a horse racing setting. So far, they've been very good.

Dick Francis is an enjoyable story teller.

Admiral is dead cert to win, but the horse falls for no visible reason, and the jockey is crushed to death. Bill Davidson's accident just doesn't look right to his best friend Alan York, and after winning the race Bill should have won, Alan goes back to check the fence. Sure enough he finds a bunch of wire on the ground. But before he can bring the police to the scene, the wire disappears. So it's up to Alan to find the murderer. Alan is an appealing hero. At 24 years old, he's an astute commodities analyst who works three days a week in London at his very wealthy father's Rhodesia-based trading company. But other days generally find him on a racehorse. He's quite an accomplished amateur jockey. The plot is rich in quirky characters, atypical thugs and subtle red herrings - with a love story mixed in. Romance is yet another obstacle course for Alan York to run. Dead Cert is Dick Francis' first novel, but I'd class it as one of his best. It has all the confidence and narrative finesse of a mature work.

Good book.

One of his best

Excellent story I have read many Dick Francis books and they are all exciting and have good plots. Never know who the bad guys are.

A good easy read. A little naive where it comes to the real reasons behind fixing races but not miles apart. If you want something to happily pass the time with, try this. Recommended.

The Book is in excellent shape and was delivery very timely. Would order again when the need

arises. I have just added a library to my wife sewing room and am replacing so of my favorite author's paperback books with hardbound books. I have read most of Dick Francis books several times so my main interest is getting books that will look nice and last for a long time on the shelves of my library
