An avid sailor and pilot, Woods lives in Florida, Maine, and New Mexico. Parnell Hall has been an actor, screenwriter, and singer/songwriter. This is Herbie Fishers story. Herbie was a nobody with a record that Stone Barrington took under his wing after he won the lottery. Herbie is a partner at Woodman & Weld along with Stone. Herbie finds himself trying a drug case that invokes the mob, a senator and a loan shark. This is a great read. I highly recommend.

The book is as hilarious as a book involving murder can be. I had not read any previous Stuart Woods books, but the humor is kind of like Janet Evanovich stories. The villains are revealed to the readers early on, and then the rest of the story deals with how the dysfunctional characters are going to figure it out. Very entertaining.

Good book. It did not end the way I expected it to. I was pleasantly surprised that Woods was able to create a story line to Herb Fisher. Looking forward to the next book

The premise in this novel featuring Herbie Fisher is pretty implausible, but as in all Woods novels all is well that ends well. I know he churns out these novels, but I always enjoy them. Keep it up SW.

Excellent read, fast-paced,,Action packed from beginning to end. Couldn't put the book down. Would recommend. Can't wait for the next adventure.

My favorite author knocked it out of the park again. Always look forward to his next release. Keep up the good work.

Thought the book was great. The character Herbie makes me laugh which is unusual for a Stuart Woods novel, love him

As usual, a fun scenario with Stone and the gang...Herbie being main character this time! They never get dull. A fun read.
