Wonderful book. My kids enjoy the stories AND activities in this book. I find the wording in this book easy to understand for my 2 boys (ages 5 and 3.) Subject matter such as patience and resilience mixed with faith in Allah SWT is a difficult concept to teach young children BUT this book is able to relay it in a nice and concise visual presentation using a story like format. JazakAllah Khayr.

Even though the age range for this book bundle is 4 to 8 years, I bought it for my 10 year old and she loves it. She thought it to be a great learning tool.

This is an excellent group of books for young children.

I'm so pleased with my purchase! I love the books and the lessons and I'm so grateful for noor kids. It's just what I've been looking for to help teach my kids about Islam. May Allah reward you

Excellent series for kids! I'm impressed with the thoughtfulness and effort put in to make this seriez

All my kids likes and read every day. It teach the kids.I would like you to come with other books.keep it up.Thanks.

These books are awesome, inspiring and fill a void that American Muslims had, when growing up!Since the characters are American Muslims and the stories take place in America, the stories are relatable and help re-enforce the American Muslim identity in kids. My son and my friend's children (a boy and a girl) love these books and make connections with the stories and characters.They have:- Kind, caring, realistic, personable characters- Beautiful, cute, colorful graphics and material

depicting stories that kids enjoy- Each story creates a good take away message for the kids.- Typically two stories in each book. There is a guide for parents at the beginning of each story.- At the end an Arabic letter is introduced, along with a few Arabic words that include that letter, in a fun way with pictures, pronunciation and English translations. My son enjoys reading and learning the Arabic words. Thank you very much for your great books, Noor Kids! May Allah bless the mothers of all of you, awesome founders and staff, mashaAllah. PS. My eight year old son had the opportunity to meet Mr Amin Aaser, the author at an event in our mosque. Mr Amin read and performed a few of their books, in person, for the kids. My son always remembers him and wrote a letter to him, which is attached :)

Thank you so much!!! Must have for anyone who wants to educate themselves on Islam . This is for adults and children I must tell you, I am not a Muslim My daughter and husband are And I feel people really listen to me looking at Islam from a catholic upbringing. I have learned and defend Islam because of the ignorancel myself knew nothing about Islam except negativity Noor is such an important tool to spared the truth about what Islam is and I feel it's my duty for my daughter to learn as much as I can For non Muslims learning from a child's eye is so helpful Noor's content is perfect It's respectful and non discriminatory I will help as much as I can Inshallah! God has been good to me I had aliya at age 46 without any help from Dr's just a blessing From above Sorry for the long post , I just want you to know how much I love Noor and how much all you do means to me God Bless you all
