Trench's Synonyms Of The New Testament

Synopsis

Enhance any study of the New Testament with "Trench's Synonyms of the New Testament." This handy classic reference tool provides accurate, detailed definitions of key New Testament words, helping users improve understanding of the Scriptures.- Designed to be used by those who understand little or no Greek- Covers more than 100 major categories and over 300 subjects- Numerically coded to "Strong's Exhaustive Concordance of the Bible" for ease of use- Indexed by Greek terms and English concepts"Studying synonyms trains the mind by developing precise and accurate habits of thought, and it provides a wealth of knowledge. . . . Studying Greek synonyms is even more rewarding, since the Greeks were a people of the subtlest intellect who saw distinctions where others saw none and who cultivated the study and use of synonyms. . . . Because the words of the New Testament are God's words it is important that we understand every delicate variation in an author's meaning." R. C. Trench, from the preface

Customer Reviews

R. C. Trench (1807-1886) was archbishop of Dublin and professor of divinity at King's College, London and later Dean of Westminster Seminary.

I have the print edition. I have used this for years. I would have given it 5 stars, except that I am too often disappointed to find that the synonyms that I want to look at were not chosen by Trench. However, the ones he has chosen are compared in great detail and help illuminate the New

Testament koine Greek text. I also like the fact that one of my favorite Greek lexicons, Thayer's Greek-English Lexicon of the New Testament, refers to Trench in entries that are included in this fine text. I'm not sure if it is true that this resource would be helpful for anyone with no knowledge of New Testament Greek. So I would caution against it. Regarding the Kindle edition, I noticed that the sample given here on line is also sideways. Caveat emptor. Lastly it is interesting to see some of Trench's other accomplishments. As were so many scholars of his time he was multifaceted. A remarkable man. He loved words and as such was a member of London's Philological Society and is credited with helping to provide impetus for what became the Oxford English Dictionary (OED).

I cannot read it because it is sideways in my computer. I have reported this and it is suppose to be fixed. It has been several weeks and still not fix. Would like the book if I could read it. Please have the fix soon.

Come on ...whoever is selling this put in little effort to scan each full page and then orient it to E-Readers??? It doesn't work on a Kindle or a computer. It is side ways and only half pages at a time are visible???
