## Customer Reviews

I started this book intending to read a few chapters before retiring for the night but instead finished it

in the wee hours of the morning. This book is an amazing hope-filled resource for an unexpected pregnancy and highlights the importance of; to be pro-life includes being pro-unmarried-teen-mom too. After reading this book, I am impressed upon to be increasingly supportive of the teen mom's who cross my path.

I loved this book...This is Catie's true story , as a young, unmarried pregnant teen, who chose life for her baby boy, and lovingly raised him , and how she overcame years of rejection, humiliation, and pain. Catie shares that journey, why she made her decision, and invites 3 close friends to share their stories and their own choices and outcomes, to help other young girls who are facing teenage pregnancy.....The common thread woven throughout these pages is God's transforming love and how these young women received forgiveness, healing, restoration and hope ....It is a beautifully written book. Catie, Ann, Mary, and Julie share how their choice of parenting, adoption and abortion was made and their outcomes. That's what sets this book apart from other books on teenage pregnancy.....If you or anyone you know and love is a pregnant teen, Catie offers her support, her prayers, and her understanding from someone who has been there before you....Catie's book is a great resource. You are not alone and there is hope !

This book was so moving and inspiring. I was brought to tears several times while reading it. The author was so brave to tell her story in order to help others who find themselves in a similar situation. The story was told so beautifully and I loved the prayers and Bible quotes as well as the resource to find help and support.

This is an excellent resource for women who find themselves facing an unplanned pregnancy and the decisions they may be facing. Very honest, real and vulnerable stories told by beautiful women who have a heart for the Lord and to help others.
